LAKE COUNTY PUBLIC LIBRARY

Hobart High School.

What a year! Every year has its own vibe, created by each class and combination of all four classes. And every class has its own vibe. As your principals, we have loved every minute of getting to know you as high-schoolers. This has been even sweeter because we knew you as middle-schoolers. This is a year that as your principals, we will always treasure. Getting to know you and understand you is the first and most important step in helping you prepare for your future. Why? So that we can ensure that we are tailoring opportunities to fit YOUR needs. YOUR plans. YOUR goals. Every course, every opportunity, every pathway... it is all for YOU. Because we BELIEVE. We BELIEVE that when you couple your passion with education and training, you will be successful. We BELIEVE that when you work hard, all things are possible. We BELIEVE that honesty and integrity are traits worth protecting, worth earning back when needed, and worth helping others achieve. We BELIEVE in the power of learning... about the world, about science, about problem solving, about each other. We BELIEVE in the power of love and acceptance and "once a Brickie, always a Brickie." Most of all, we BELIEVE in YOU. Thank you for a year full of growth, opportunities realized, and success. Thank you for all of the FUN and excitement you bring to HHS. Thank you for letting us see your talent, your heartache, your passion, your opinions. Thank you for letting us see YOU. We BELIEVE.

Always in your corner,

Mrs. Scheuneman and Mr. Munden
HHS Co-Principals

WE BELIEVE

"Coach Howell always said the fist meant family. An open hand was vulnerable, but when it comes together the fist was tight and solid the way a family should be. If you saw him driving through town he wouldn't wave, but put the fist up to let you know you were family."

-Mark Leto

CHANGE

RETRO-SPECTIVE

2018 - 2019

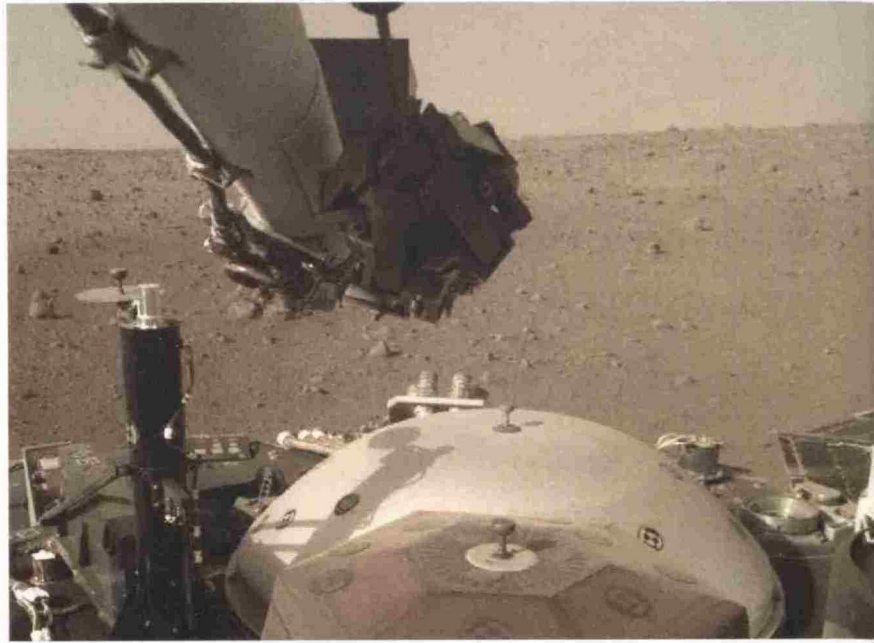

Objective: Victory

Gamers fight a virtual battle in October, seeking to win the 2018 eSports World Convention finals. As the popularity of eSports grew, massive arenas were built and competition prizes topped \$1 million. One study found young gamers spent more time watching other people play video games online than they spent watching traditional sports on television.*

Seeing Red

November marks a major space exploration accomplishment as NASA's InSight spacecraft lands on Mars. The journey was especially tricky because InSight was too far away to pilot the landing, so the craft landed itself, slowing from 12,300 mph in 6.5 minutes. InSight now embarks on a two-year geologic core study, which scientists hope will help them better understand why two rocky planets like Mars and Earth are so geologically different.

Rise from the Ashes

Sorting through the ruins of his former home, Lou Donnelly, left, and his brother-in-law Donald Weeks find little remains after the Camp Fire blazed through Paradise, California, in November. The fire, which was California's largest, deadliest and more destructive than the previous seven most destructive fires combined, cost at least 85 people their lives and displaced more than 250,000. Many remained missing as rescue crews continued their search. The Camp Fire burned concurrently with the Woolsey and Hill Fires in Southern California.

MOVIES in REVIEW

Top-Grossing Movies, based on opening weekend numbers**

- 1 Venom - \$80 million
- 2 Halloween - \$76 million
- 3 Ant-Man and the Wasp - \$76 million
- 4 Dr. Seuss' The Grinch - \$68 million
- 5 Aquaman - \$67 million
- 6 Fantastic Beasts: The Crimes of Grindelwald - \$62 million

Looking to the Past

Genetic testing kits like 23andMe and Ancestry continue to grow in popularity. Their use helped investigators find crime suspects and solve decades-old cold cases. There was also a downside, with some users finding unexpected results, leading to uncomfortable family talks.

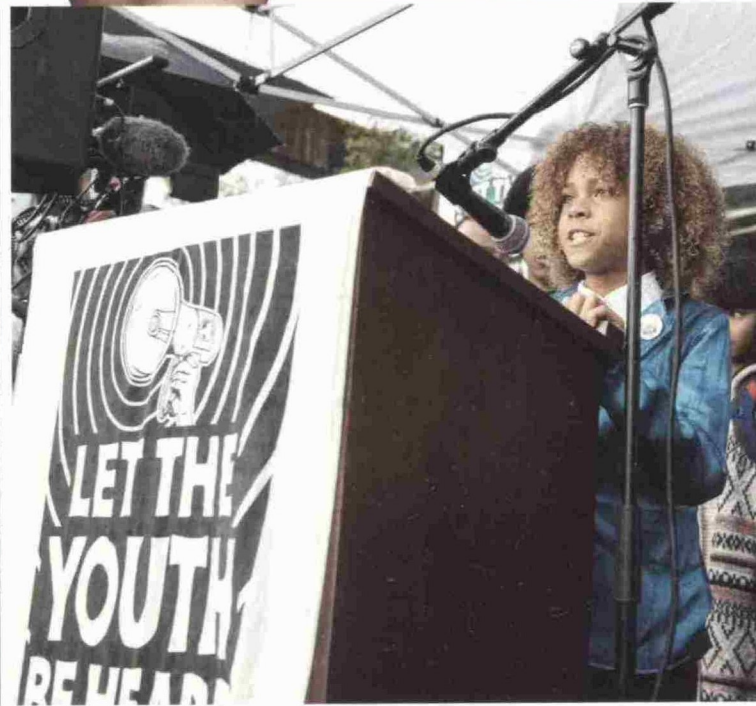

Countdown to a Billion

Worth \$900 million, Forbes features Kylie Jenner, 21, on the America's Women Billionaires cover as on track to become the youngest ever self-made billionaire. As a joke that went viral, Instagram celebrity Josh Ostrovsky started a GoFundMe page to help Jenner reach \$1 billion.

Feel the Glove

After a win in game 5, Eduardo Núñez and Xander Bogaerts of the Boston Red Sox celebrate a World Series championship. The defeat of the Los Angeles Dodgers included a nail-biting 18-inning game, which was the Dodgers' only victory in the series. It was especially impressive for being Alex Cora's first year as a manager in the Major Leagues. The Red Sox ended the season 119-57.

Fighting for our Future

Levi Draheim, 11, speaks at a climate change rally in Eugene, Oregon. Draheim was one of 21 young plaintiffs suing the United States government for failing to protect the Earth from the effects of climate change. In Juliana v. United States, petitioners claimed the promotion of fossil fuels threatens the survival of future generations.

Building Bricks

From the Ground Up

By: Zachary Guthrie

This year has been a year of building projects from the ground up, beginning of the new pool building that will be finished by the fall. The other major project is the new elementary school that is being built. Both of projects, once they are done, will be a great benefit to the community and to the students being served by School City of Hobart.

The Natatorium is going to be great new addition to the high school. The workers are working hard everyday and are overcoming problems to get the pool project done by this coming fall, in time for the start of swim season.

The School has endured many problems during the long phase of construction. They found pipes in the ground that were left over from when there was a school there before. They also found out that there was about 8 feet of topsoil left from when the houses were built that was dumped there. Both problems took time out of the build schedule, but they needed to be dealt with carefully in order to make the new addition look nice and not cause problems.

Both projects are made possible by Fidelis Management and Gibraltar Designs. These two companies have worked very hard to help make these two buildings become a reality for the community.

Mr. Lafollete, owner of Fidelis Management stated that with projects like these, there are always problems that come up that you cannot always plan for but are always ready to tackle.

Gibraltar Designs created the architectural drawings for both the pool and the new elementary school. These drawings are then sent to Fidelis to be made into paper drawings so that they can be used at job site by the workers. It is a long, complicated process and is quite amazing to watch the workers from different trades come together to make the drawings become a reality!

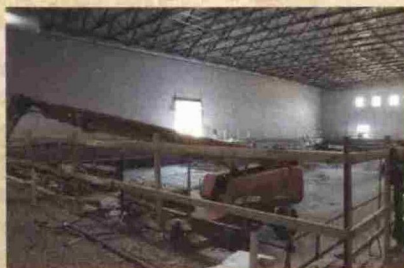

The school board and Dr. Buffington are very excited about what these two projects mean for the School City of Hobart and the entire community. We cannot wait for the ribbon cutting!

BRICKIE KIDZ PRESCHOOL

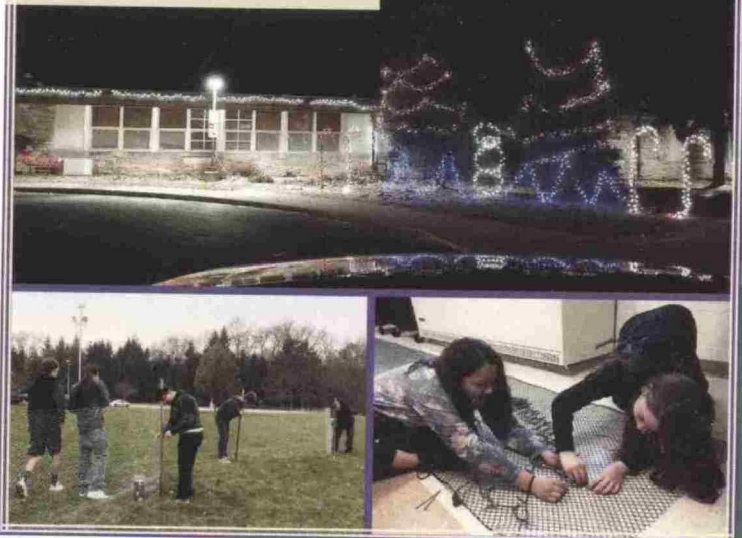

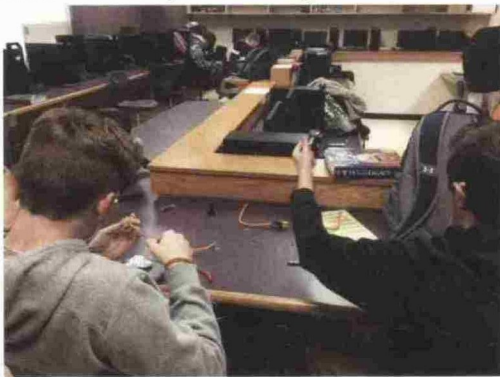

HHS is proud to have the Brickie Kidz Preschool. Here high school students get to learn about preschool education by actually working with 4year olds in a working preschool! Students get hands on experience planning lessons and implementing them under the guidance of teachers Cheryl Bunch and Mrs.Cantu!

PROJECT LEAD THE WAY

This year Mr. Bennet's PTLW classes designed and installed Christmas light displays at some of our elementary buildings! They light up Christmas in a special way!

RADIO AND TV CLASSES

Under the direction of Mr. Crouch, the HTV and video production classes are doing wonderful things! Students video school events, create various video projects, and produce HTV announcements.

Integrity, Service, and Excellence with JROTC

by Iyanna Steele

Cameron Vanderburg, Nathan Wright, Claire Duca, Paige Bordowitz, and Brittany Burger

Junior Reserve Officer Training Corps (JROTC) is a unique program that gives students a chance to participate in their education and focuses on learning how to be a better citizen. It provides cadets with tools and skills they will need and use to succeed in both high school and in their personal life. This year, the cadets worked hard in the classroom but even harder outside of it in afterschool activities.

JROTC focused on afterschool activities including Raiders, Color Guard, Drill, and Marksmanship. They volunteered in many events such as football games, food drives, city parades, Springfest, and teaching elementary schools about Junior Achievement. JROTC rose above their efforts and succeeded in many competitions as well.

LEADERSHIP & ACADEMICS

Rally For a Cause

Every May, HHS recognizes special staff, teams, clubs and students for acts of kindness performed throughout the year. Principal Misty Schueneman inspired us all with her words this year!

As you may recall, we began having Rally for a Cause celebrations a few years ago as a response to our commitment to Rachel's Challenge and the chain reaction of kindness that Rachel demonstrated and stood for. We are here today to recognize and celebrate acts of kindness from various groups and individuals in our building. All of these people were nominated for this award by staff members.

I can't introduce this rally without recognizing the kindness that I receive here every day from you, students and staff. I knew I would love HHS, but I had no idea that I would be so impacted on a daily basis by the little things you do that just make my day and the day of those around you. When we talk about kindness and the impact it has on people, we often think about the big things...which are important and to be celebrated and inspired by.

But I don't want you to forget about the small things. The little moments. Because it's the little moments that make daily impacts.

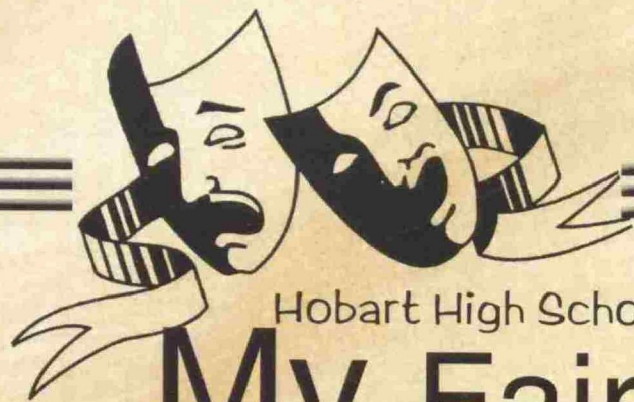

From something as simple as when you say hi, how's your day going to me in the hallway to a pat on the shoulder if you think I need it, to waiting in Student Services to ask me how my year is going... these little things mean the world to me.

My dad passed away 5 years ago and at his wake, his former colleagues from the steel mill waited in a long line to tell me 2 things they all valued about my dad. They said, "Every single day, your dad would look me in the eye and ask me how my day was. Every day." And he did another thing all the time: he always told people when they did a good job. Since he is gone now, I don't hear that from him any more. But staff, you have been so welcoming, supportive, and kind, and you have said these words to me, which mean the world to me. Little things that mean so much.

Students, when I see you out in the community doing the small things that mean so much, I am so proud. When I see you smiling as you work at Bellaboo's, working hard, greeting guests, my heart is so full. When I'm at Subway with my mom and she is impressed with the students sitting near us, my heart is so full. I am proud of you for many things, but most of all, I am proud of all of the little ways you show kindness and love.

I think so often we tell you to be kind, but we forget to thank you for being kind and we don't always get the opportunity to tell you how your kindness impacts us. Hobart High School, you leave thumbprints on my heart daily. I am a daily recipient of your kindness. I love it here, I love working with all of you, and I feel like you have my back. I hope you will always know that I have yours.

Mrs. Scheunemen

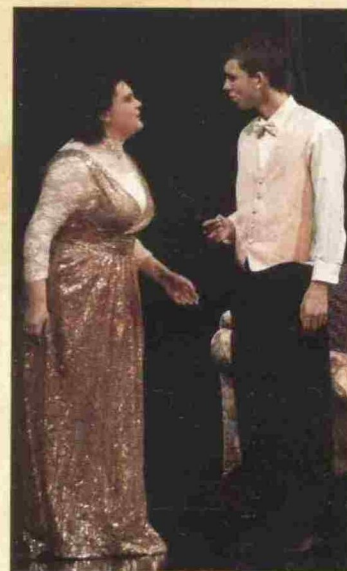

Hobart High School Theatre

My Fair Lady 2018

By Iyanna Steele

Eliza Doolittle, Henry Higgins, and Colonel Hugh Pickering played by Lia Rodriguez, Jack Olson, and Alex Chavez discuss important things.

Henry confronts Eliza which results in a very heated conversation.

Eliza and Freddy perform the song "Show Me"

The servant chorus performs "Poor Professor Higgins".

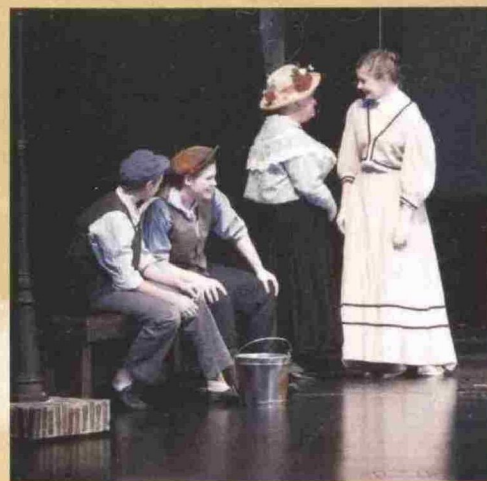

Eliza and the quartet, played by Deja Bradshaw, Mikayla Fuentes, Zoey Belk, and Jessica Ellis sing and dance to the classic "Wouldn't it be Lovely".

Proudly posing are Jamie, Alfred, and Harry, played by Davaghn Whiting, Maxx Johnson, and Adam Barney.

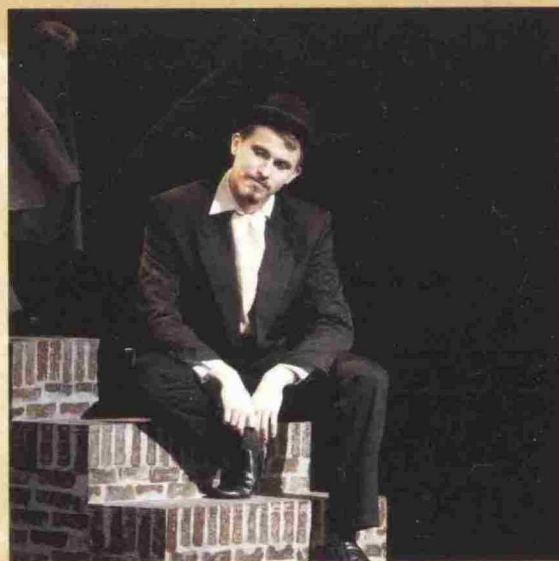

The Hobart High School Theatre department had an exciting first semester as they took a step back into the past with their rendition of the classic musical "My Fair Lady." Cast members learned their lines, choreography, and sang beautiful songs. The story took place in London of 1912 which was easily identified through the antique props and lovely accents used. The characters were fabulously dressed for the era, thanks to costume designer Kathleen Belk, with help from Billie Fulton. Scenic artist Nicole Zabrecky also helped transport the audience to the early 1900's with her amazing paintings. Students helped paint and build sets and made sure the show had a smooth run through each night. This was the department's first year working with the new pit conductor, Mr. Dinkins, and though at first it was a little tricky, they were able to come together and sound splendid. "Being able to be involved with helping bring this production to life was a magical experience. It was an amazing feeling! Everyone connected with their characters in a more beautiful way than I could ever have imagined," Assistant Director and Choreographer Mrs. Foerg said.

The townspeople enjoy themselves while talking.

The ensemble dances the waltz while at the Embassy Ball.

Freddy Eynsfordhill, played by Bradley Goblen sits on the steps while thinking about Eliza.

Arrogantly, the ensemble sings "Ascot Gavotte".

The Crucible

By: Sarah Spalding

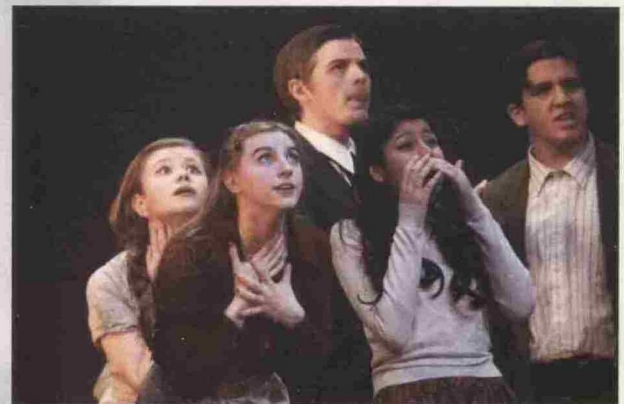

This year the theatre department costumed the show and designed the set to be in the 1950s. The playwright, Arthur Miller, wrote the play to speak out against McCarthyism, also known as the Red Scare, that ruined the lives of many during the 1950's. In some scenes, recreations of propaganda posters that were displayed during this time were displayed above the stage floor. Miller used the historical occurrence of the Salem Witch Trials to speak out against McCarthyism, which was wreaking havoc on society.

One point that the directors made sure to emphasize with the cast was Miller's message: do not blindly point fingers or accuse people of something before you know the whole story. Words are very powerful and can do as much damage as good. In our digital age, hysteria can spread rapid fire! It could happen from something as simple as gossip, a Facebook post or texting somebody.

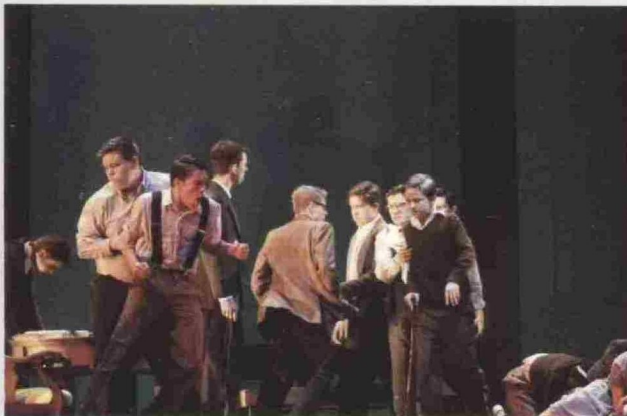

The goal of the directing team was to get people to stop and think how important ones reputation and name is. "One of my favorite moments from the play is when John Proctor signs his name to the confession, but he rips it up before they can show the community his lie. When asked why, he says 'Because it's my name and I cannot have another.' and to me that's such a powerful line," Mrs. Nelson explains. What does your name mean to you? What does your legacy mean to you? Do you speak truths or spread lies? That message is needed more now than ever.

Hanging above the courtroom scene are recreated 1950s propaganda posters, further supporting the theme

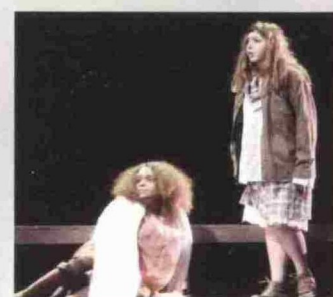

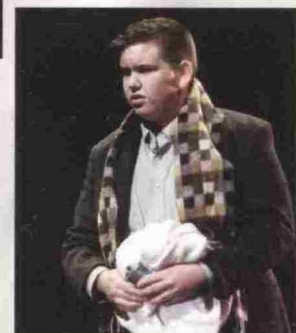

The girls in the court room pretending to be possessed by Goody Proctor by screaming and saying that they see a bird coming to attack them.

Jon Proctor being taken away to be hanged because he refused to admit he is guilty of witchcraft.

The crew raising the noose at the end of the play showing what is going to happen to Jon Proctor and Rebecca Nurse

Choir

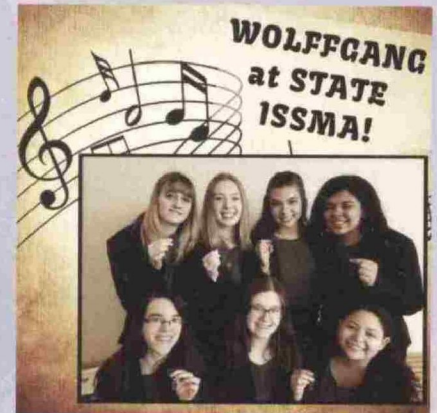

By: Samantha Brown

As in previous years, Mr. Dean Wolff led choir to another successful year. ISSMA really stood out this year; one group and one solo both brought home gold medals. Wolfgang received a Gold Medal with Distinction, which is nearly a perfect. Many people ask why choir is an important class to take in high school. Mr. Dean Wolff responded, "It teaches group activity, it is an art and it helps develop natural talent. It gives a creative outlet and helps develop skills. Taking choir also requires people to perform in front of groups of people, which is a good employment skill."

Lighting Magic at the Christmas Concert

Seila Cuevas, Olivia Hernandez - Curotto, Noelani Howland, Abbey Leonard, Amelia Marshall, Maddie Olson & Mattie Willis are members of Wolfgang celebrating a state gold medal performance!

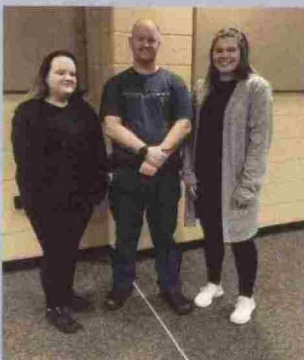

THE CREW:

The magic behind the show!

There is a group of students that makes everything that occurs on our stage, look and sound beautiful. This hardworking group often is not seen and does not take a bow. Yet, under the leadership of Chris Conner, put in countless hours, before the performers even set foot on stage! This year we will lose two seniors Cassandra Ryder and Cora Moyers. Cora will be continuing her study of sound design at college and plans to pursue sound as a career!

The crew for the 2018-2019 year was:

Cassandra Ryder, Cora Moyers, Andy Acosta, Sydney Belk, McKenna Beck, Emma Ramirez, Rhiannon Borowski and Paige Pezel

Band

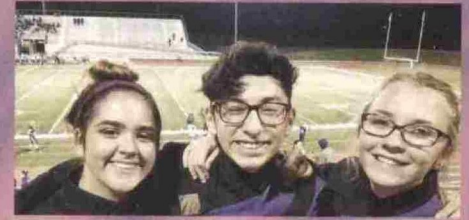

By Dashiana Bingham

The band enjoying and having fun during the fall pep-rally.

The band posing with their ISSMA win from state.

Captured below are senior Maddie, Nick Sanchez and Kira

Mr. Dinkins is the new band director at HHS and been doing at terrific job leading his classes to amazing victories. Mr. Dinkins, Mrs. Teykl, and Mrs. Rehlander are the dream team creating musicians in the halls of the school. This year the Band was awarded the Indiana State School Music Association's All-Music award. Recipients receive the award by earning a gold rating in multiple ISSMA events across several different genres.

The HHS Band has accomplished much throughout this school year from performing at concerts and competitions and of course leading fans in cheering on our teams! The

HHS band is composed of different groups such as marching band, jazz band, and concert band. They also have the opportunity to work with theatre students by playing in the pit orchestra! Each group is different in their own way but their purpose is similar, their love and appreciation of music along with performing it whenever they have an opportunity! Many of the students even take private lessons with other teachers to improve skills.

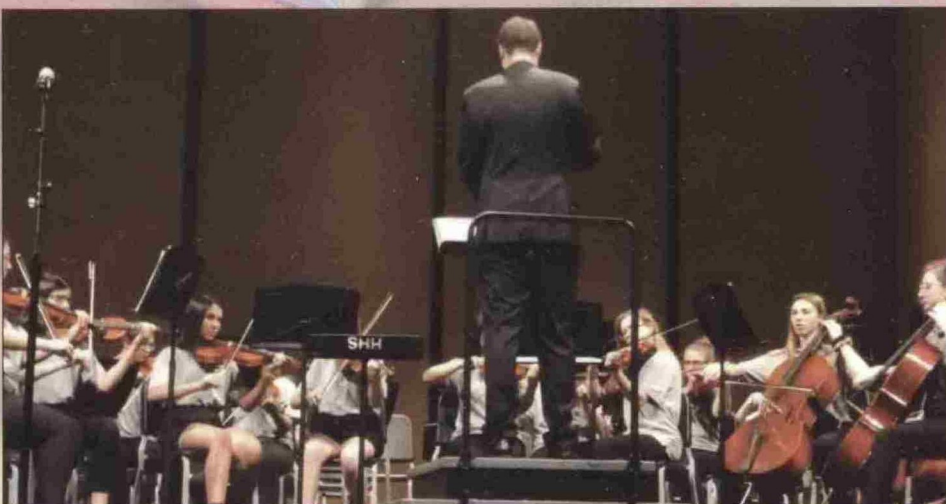

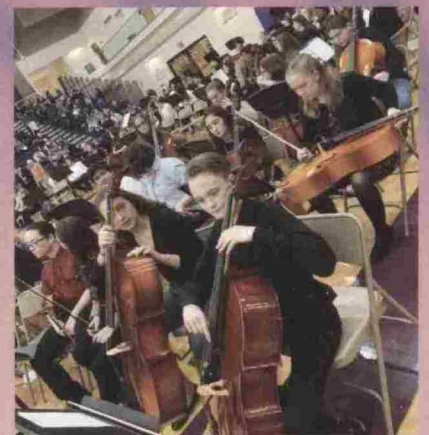

The band department receiving the All-Music Award.

Orchestra

by:Dashiana Bingham

The Orchestra at HHS is only two years old, and it's growing quickly. The orchestra is comprised of the Violin, Viola, Cello, and Bass sections. In addition to performing at multiple concerts throughout the year the orchestra also competes at multiple ISSMA events. We can't wait to see what the orchestra program does in the future!

YOUTH & GOVERNMENT

By: Karissa Perosky

Indiana YMCA Youth and Government enhances development of the American democratic process for young people through participatory training in the theory and practice of the Indiana state government. Through Youth and Government, students develop an understanding of local, state, national, and international concerns; research, study and debate on public issues; explore careers in public service; interact with adult and youth leaders involved in decision-making processes; gain an understanding of political systems and the forum they provide for the effective and peaceful resolution of issues and concerns; gain an appreciation for the diversity of viewpoints on public issues and a concurrent respect for ideas, beliefs and the positions of others; and demonstrate citizenship responsibilities and leadership roles essential to the health of participatory democracy. Their work culminates in service as delegates during their state conference, debating bills on the floor of the legislature. Youth and Government seeks to build, encourage, and strengthen life assets and character traits that will help teens become involved and responsible adults.

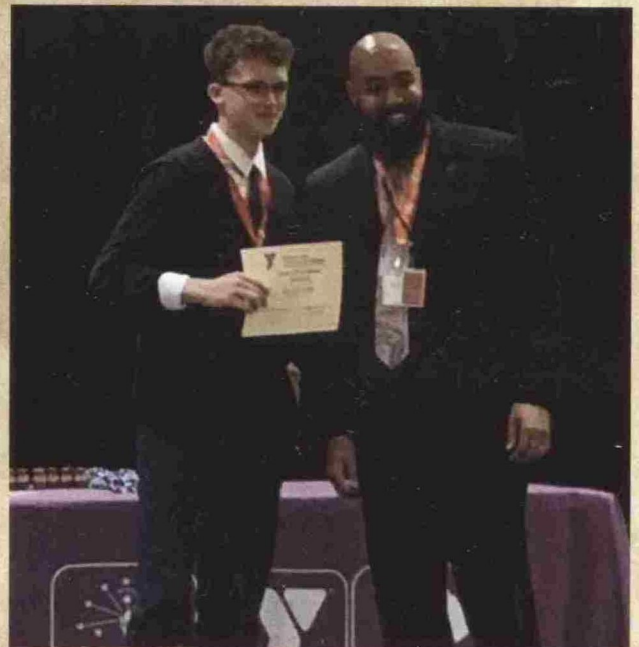

Hobart High School is lucky enough to participate in the Indiana Youth and Government program. Hobart offers a student-run program that creates a mock state government once each year in Indianapolis. Students can join as freshmen and participate all four years of high school. Because it is run by students, the options for creativity and possibilities are endless. Sponsor Colin May says "this program gives students a voice because it promotes an opportunity-filled environment." This year Hobart's Youth and Government team had a very successful run. During an outstanding Youth and Government conference, two team members received awards, and in addition, one was elected to state office. Max Salazar won Outstanding Member of the House of Representatives. Jack Huber won Outstanding Delegate. He will have the opportunity to represent the State of Indiana at the Conference of National Affairs in North Carolina. Donovan Ruiz was elected the Speaker of the House. He will run the House next year.

New speaker of the house Donovan standing next to Lilly.

Max Salazar won most outstanding representative.

Jack Huber won most outstanding delegate which granted him a free invitation to attend the Committee of National Affairs at the Blue Ridge Assembly in North Carolina.

REARVUE: Entering the World of Entrepreneurship

by Damien Breitsprecher

A truly remarkable moment was achieved this year when three seniors entered the realm of entrepreneurship. Andrew Romes, Alex Termini, and Faith Spencer developed their own product. It is an early warning system for bike riders. This took place in the EDD PLTW Class. It is a seniors-only class at Hobart High School. Mr. Schultz teaches the class and is the sponsor of the early warning system development. He taught and ran the class alongside the competitions to have a nice comfortable balance with students. Romes, Termini, and Spencer were fairly confident about participating at the regional competition, but weren't sure about moving beyond that level. They won the Innovate Regional Competition and received 1000 dollars each. They stepped up to compete in the state competition, where they placed third and received 1500 dollars each. It consisted of a less formal presentation with judges walking around to speak to students about their products, followed by a more formal and thorough presentation. The 3 students all strengthened their presentation skills because of this process. Romes, Termini, and Spencer have hope for a legitimate product and company. They are currently patent pending and working on a limited liability company, LLC. The trio is also making a pitch for the popular TV show "Shark Tank".

Academic Teams

Social Studies

Skye Lipke

Ares Marks, Felix Bailey, and Becky Wein

Lexi Berry, Ares Marks, Zack Dixon, Mr. Horjus, and Mikey James

Interdisciplinary

Ares Marks, Mikey James, Felix Bailey, and Kiera Chapuis

The Hobart Academic Super Bowl teams had several strong performances this year. At the Hobart Invitational in February, they fell 3 points short of winning the overall trophy which was Hobart's best overall performance in the 10 years of this competition. At the Duneland Academic Conference meet, our Social Studies team placed first and our Fine Arts team placed fourth. Then at the Area meet in April, they really showed up. The team took three of the six first place awards - in Social Studies, English, and Interdisciplinary - as well as second place in Fine Arts and third place in Science. All three first place teams placed in the top 20 statewide and two of them missed qualifying for the state meet by one question each. Our Social Studies team of Ares Marks, Felix Bailey, and Becky Wein, coached by Alex Ramos won first place in every competition this year and that is not an easy accomplishment.

Fine Arts

Mr. Dinkins, Nick Sanchez, Anna Stefaniak, Allie Bradford, Jenna Helm, and Kiera Chapuis

The "Key" to Bettering The Community

HHS Keyclub makes a difference

By: Julia Olmos

Hobart Delegations displaying their awards for Distinguished Kiwanis; Sponsor Larry Barrasas, Outstanding Key Club Adviser Heidi Polizotto, Outstanding Key Club HHS, Outstanding Service Project: Breakfast with St. Nick, Outstanding President Elena Polizotto, Outstanding Treasurer Liesl Martin, Distinguished Webmaster Lily Kollross, Riley Children's Hospital Outstanding Club, Outstanding Scrapbook and Distinguished Service Poster board.

Club members Elena Polizotto (left) and, Liesl Martin (right) hosting the Riley's Hospital Benefit.

Club sponsor Heidi Polizotto standing next to Key Clubs achievements.

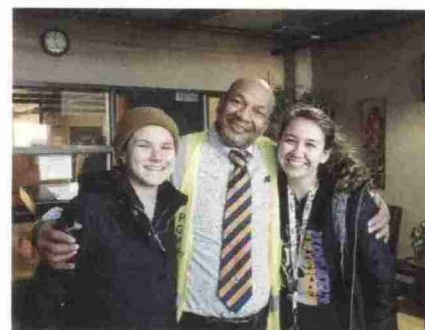

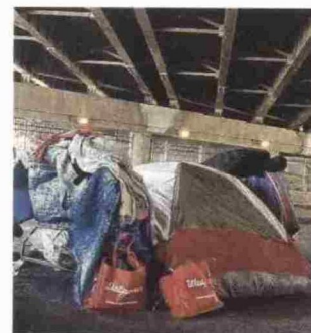

Key Club is a community service club that is dedicated to bettering the community and is offered at Hobart High School. Hobart High School has offered Key Club for at least 15 years. For the past two years, Key Club has had a total of 60 students within the club. When asked what activities the club frequently participates in, club members said they volunteer at the Kiwanis peanuts sale, Food Pantry on packing days, Spring Fest, inclusion prom, Humane Society, and they also hold many drives for Riley's Hospital. Another drive Key Club sponsors is collecting peanut butter and jelly and food for the kids in need at the Early Learning Center. Key Club completes over 20 service projects a year.

Club sponsor Heidi Polizotto stated, "My favorite thing about Key Club is going to the leadership conventions and meeting others involved with Key Club around the state." Liesl Martin added, "I enjoy seeing people in the Club and helping out the community. Key Clubs' overall goal is to serve the community and provide leadership opportunities for students. Adding Key Club to college applications shows that students serve and care for their community. If you enjoy helping out others and are looking for community service hours, Key Club is a good club to become involved with and I highly recommend it!"

HEARTS FOR THE HOMELESS

Hearts for the Homeless was founded by Elena Polizoto in fall of 2015. Alicia Rojo, Aiden Funke, Amaya Shinkle and Arianna Hurtado, called their initial group "The Breakfast Club" because they brainstormed ideas over breakfast at the school. They were inspired by individuals who had been on "Ellen," sharing stories of helping others in the community. Ellen always ends her shows with "Be kind to others," and these teens took that challenge to heart! The group began collecting goods, selling cookies and candy for funds to buy much needed items, and speaking at Kiwanis to explain their mission and ask for help. These inspiring teens didn't just raise money and collect supplies, but they actually delivered them to those they wanted to serve! They interacted and talked with the homeless of the Chicagoland area and were inspired by their stories. As the years went on members of the group changed, but Elena Polizotto, Ari Hurato, and Maddy Gerke pushed on, delivering their last load January, 2019. They served more than 6 shelters and over 500 homeless

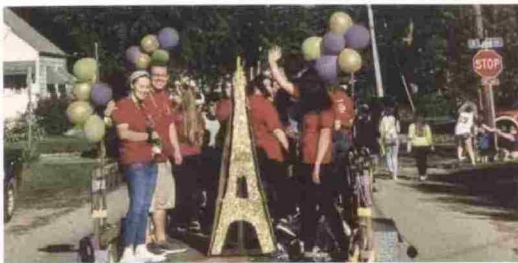

people in the Chicagoland area during their years at HHS. Hearts for the Homeless members have earned two national kindness awards. There is no doubt that the young ladies involved in this group throughout the years will continue using their "servant" hearts to serve others wherever their lives take them. Congratulations girls--we are proud of you!

Foreign Language Fanatics

French Club enjoys some fun in Chicago.

French, Spanish and German Clubs provide a wide variety of activities for their members. The goal of each club is to help members achieve deeper appreciation of the language they are learning. Clubs often represent themselves by hosting service activities, and participating in school related activities such as the Homecoming Parade and SpringFest!

Racing to the Future with Kart Club

By Zachary Guthrie

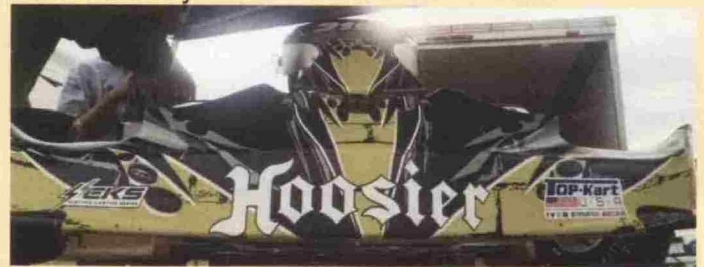

Driver, Junior Megan Jones, getting suited up for the first drive at finals.

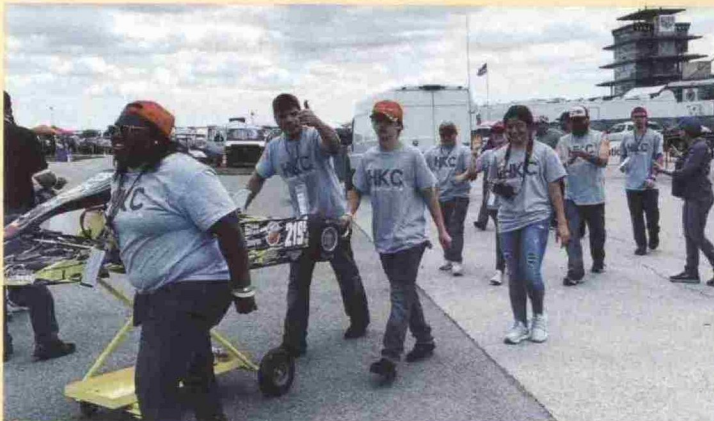

The kart club was started this year. Both club sponsors thought that this would be a great idea for students to learn while having fun. "Students are learning about racing from a different angle, learning about technical aspects, and have fun while we are learning," Mr. Bennett said. The students have been testing and working on the kart for several months and prepared it for the Internationals. This race involves many high schools across Indiana and around the country. They are the only kart from Northwest Indiana entered into the race. Students in the club have realized the importance of checking the functionality of the kart often, otherwise something can fall off or something catastrophic can happen. The students had tons of fun going down to internationals, and were able to place 10th overall there out of 29 karts. That's a great accomplishment for the group since it was their first year creating and competing. The students were able to help each other when something causes a problem or when they were on a time crunch, which was often, throughout the day. Mr. Shultz entered the kart into a number of other races in Indiana over the summer so the team will be busy!

Junior Abby Haluska, welding two parts of the kart stand together.

CHECK MATE

By : Blessing Cortez

There is seconds before the clock runs out. You have to make a move or you automatically lose to your opponent. You're strategically trying to move the pawn in the best area possible. You finally figure out where to place your pawn and you win the match, checkmate. Chess is a game that involves the use of strategy between two players. Our chess club is sponsored by Mr. Bennett, who also teaches

PLTW. Chess is very fun and helps you develop patience and helps you overcome obstacles that are in your way. The players are always there to help and learn from each other. In the chess club Mr. Bennett introduces new strategies and skills to help you win in competitions; however, you also observe and play chess matches with your teammates to help you get better. The chess team had Individual regionals where there were 3 high school state qualifiers. They placed 13th and 17th. They also got into Team State where they placed 10th overall. Chess club meets weekly. If you are interested in learning how to play chess or already love playing, all you have to do to join is sign up and show up!

A Festival To Remember

By: Dashiana Bingham

Seniors get riled up for their last fall homecoming.

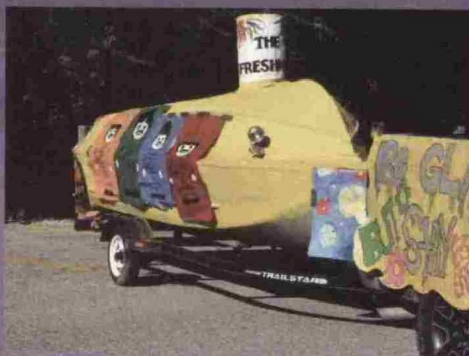

Senior Jessica Ellis and Junior Katy Webber have a fun moment at the homecoming parade.

This year was one for history books because our fighting spirit was truly shown. Celebrating what it means to be a Brickie and showing support for clubs and sports." I was amazed by the team spirit that was shown throughout the homecoming pep rally" said Ms.Torres. "You could say that we were all united as one, celebrating each other and the amazing community that we are together."

Showing the most enthusiasm and energy that we have ever shown throughout the many homecomings that we have had throughout the years. The energy was shown through the staff and students alike really enjoying living in the moment and celebrating our school community.

We really encompassed true team spirit this year as we celebrated more than just sports. We also celebrated each other and the uniqueness that makes us all special to each other, something that highlights what it means to be a Brickie, making it a true celebration of more than just sports but our school spirit.

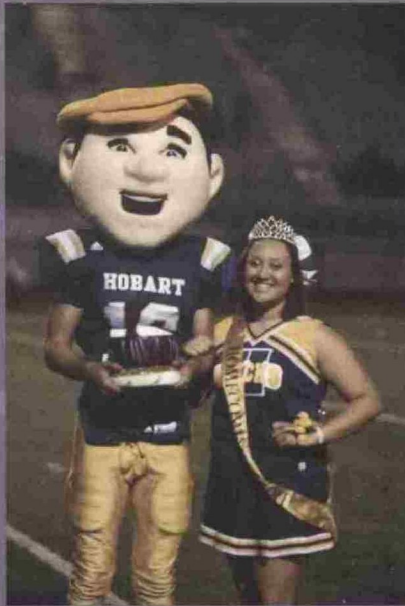

Freshman Class float from the parade which was sponsored by Mr.Bennett

Mr. Horjus and his son having fun in the parade

Sophomores Mary Daw, Carmen Zepeta Miranda, Kelsey Black, and Katy Watts pose with their class for a photo during the pep rally

Senior Gabby Cottrell enjoying her magical crowning moment.

Seniors Faith Spencer, Lily Koltross, Elena Polizotto enjoy their award at the homecoming game

Senior nominees for homecoming queen parade: Gabby Cottrell, Arianna Brewer, Joelee Skimehorn.

Talent Show

Wolfgang continues the tradition of performing at the Talent Show

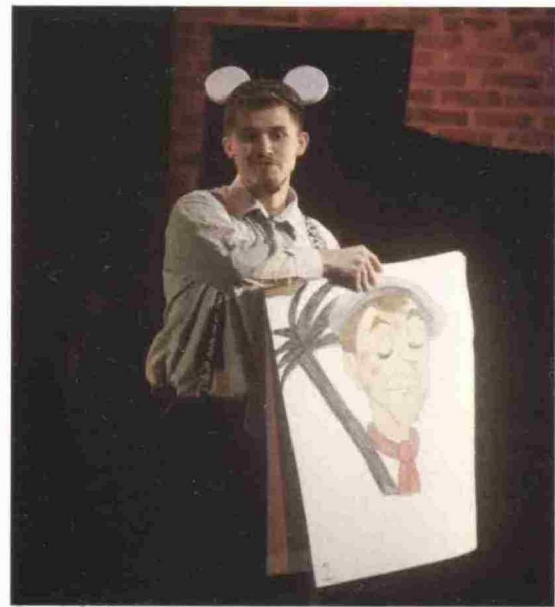

Dulce Rabadam (left) and Reggie Gilbert

Marco Castillo (left) and Christian Irizarry singing

Hayden Maggio showing off a great performance on the piano

Brad Gobin with some great art work.

This year's talent show continued the tradition once more with many fantastic performances. Mr. Wolf said, "There were many great performances and the show went great." This goes to say that we can hope to look forward to many more great shows as the years go on. This year the talent show was hosted by Bradley Gobin.

There was a change for Winter Homecoming this year which brought back an old tradition. This year the voting for each class was different. For the seniors students were to vote for homecoming King and Queen, Juniors voted for Prince and Princess, Sophomores and Freshman voted for the Duke and Duchess. This tradition was reinstated from years past to ensure all classes are represented in homecoming festivities.

TED x 2019

By Makayla Mehok

The Hobart High Committee celebrates a successful event.

TEDx is a program of local, self-organized events that bring people together to share a TED-like experience. At a TEDx event, video and live speakers combine to spark deep discussion and connection. TEDx is a nonprofit organization devoted to Ideas Worth Spreading. TED has grown to support its mission with multiple initiatives. Hobart High school organized its first TED talk in 2017 and hopes to organize one every other year.

This year's theme was "Hardwired for Humanity." Embracing our humanity has become increasingly difficult in the digital era. One of the greatest challenges facing the 21st century is figuring out what it means to be human as we continue to face sophisticated technological developments that do not inherently have value or meaning. It is up to humanity to determine what we value, think, and prioritize and then foster a healthy relationship with technology that promotes human thriving. In other words, technology must be hardwired for humanity and in order to do that, we must determine what actually makes us human.

The committee for TEDx was Alex Ramos, Valentine Torres, and Courtney Gill. The speakers this year were Matt Wells, Levi Gardner, Dr. Lori Desautels, Dr. Tim Elmore, Cassandra Anderson, and Hobart High Junior, Abigale Haluska.

TEDxHobartHighSchool
x = independently organized TED event

Hardwired for Humanity

is delighted to announce speaker

ABIGALE HALUSKA

Abigale is a junior at Hobart High School. Over the years, she has developed a strong passion for engineering and mathematics, in which she dedicates countless hours of her time to expanding her knowledge in both subjects. She is a member of both the soccer team and the track and field team, as well as Quiz Bowl, National Honor Society, the Grand Prix Kart Club, and more.

When Abigale is not at the school for classes, clubs, or sports, she enjoys concerts, photography, and reading. She is incredibly passionate about the future of artificial intelligence, and hopes to inspire others to become more conscious about the world of technology.

www.tedxhobarthighschool.com

Come hear Abigale speak about the possibilities of artificial intelligence & technology and what the future could hold.

MAY 18TH 2019

Tickets & additional information about Abigale are available at:

2018-2019 statistics

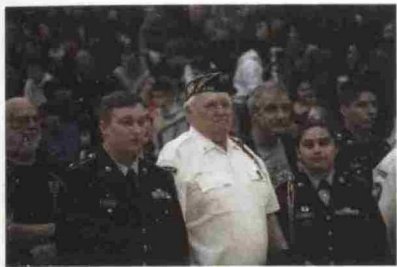

- 803 - Current number of Hobart students enrolled in at least one dual credit class 2018-2019 as of today.
- 36 - Current number of teachers teaching these students (including faculty-on-loan, Valpo teachers, etc.) over 2018-2019.
- 72 - Current number of dual credit classes (including faculty-on-loan, Valpo classes, etc.) offered 2018-2019.
- 6592 - Total number of college credits that Hobart students could earn 2018-2019 (though the final number will be lower after drops are received) 2018-2019.
- \$926,901 - Total savings for 2018-2019 school year based on 6592 total college credits and cost of \$140.61 per credit hour.

Currently offered at Hobart High:

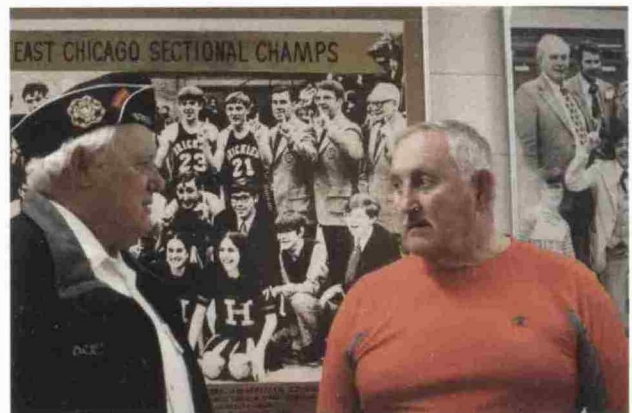

PLTW Computer Integrated Manufacturing, Chemistry II, Principles of Engineering (POE), Architectural Drafting I Quantitative Reasoning, Pre-Calculus, Trigonometry, Calculus AB, AP, or Calculus, Finite Mathematics, English 11 Honors, English 12 Honors, Computer Science I, German III, Spanish III, Spanish IV, Administrative and Office Management, Graphic Design & Layout, Principles of Business Management, Business Law and Ethics, Information Technology Support, Economics (Honors or Advanced), US History Honors, US Government Honors, Biology II, Networking I: Infrastructure, Chemistry (AP), French III, French IV, Psychology, AP, Principles of Marketing, Consumer Behavior, Criminal Justice I, Criminal Justice II, Civil Engineering and Architecture (CEA), Intro. to Engineering Design Technology (IED), Entrepreneurship and New Ventures, Health Science Education I, Health Science Education I, Biomedical Innovation - PLTW, Anatomy and Physiology, Advanced Science, Medical Terminology

Honoring our Superheroes! Veterans Day 2018

There was no shortage of heroes at the Veterans Day Assembly as Hobart High honored the men and women in our community who have served their country in the armed services. Organized by Col. Scott Buhman and Dean Tracy Brumley, the assembly was a celebration of these heroes. The JROTC, Band and Wolfgang also participated in the ceremony. Students listened to speakers, and patriotic music and honored our service men and women! Thank you veterans for your service!

Mikey James poses with his parents. Mikey was honored as the VFW Voice of Democracy Speech award winner! He presented his speech at the assembly.

DECA

By Damien Breitsprecher

DECA is a recurring club at Hobart High School, yet, not a lot of the student body is aware of what exactly this club entails. It is spoken about and explained in Mrs. Roach and Mr. Lewis's classes, but not everyone has them. Mrs. Kari Roach sponsors the club. It is open to students of all grades.

DECA Inc. is a 501(c)(3) not-for-profit student organization with more than 215,000 members in all 50 United States, the District of Columbia, Canada, China, Germany, Guam, Mexico, Puerto Rico, and Spain. It involves the practices of business, sales, and advertising.

DECA is organized into two unique student divisions each with programs designed to address the learning styles, interest and focus of its members; high school and college. The High School Division includes 200,000 members in 3,500 schools. The Collegiate Division includes over 15,000 members in 275 colleges and universities.

Members of the Hobart High School club participate in competitions involving writing essays, creating advertisement presentations, and taking tests. They are aligned with the National Curriculum Standards in the career clusters of marketing, business management and administration, finance, and hospitality and tourism. Several volunteer opportunities are also available in DECA. The club values competence, innovation, integrity, and teamwork.

The 2018-2019 school year co-presidents of DECA are Lillian Kollross and Faith Spencer. Meetings are before school on Friday at 7:20 a.m. If you have any questions or would like to join, speak with Mrs. Roach or either vice president for information.

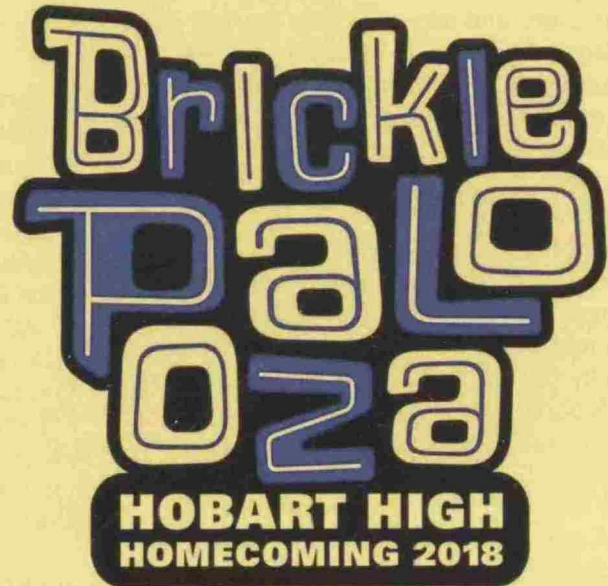

School Spirit and Pride

By: Gabby Cottrell

The booster club is an organization that is formed to support an associated club, sports team, or organization. The club can provide support by raising funds or coordinating events. Ms. Torres is in charge of the HHS booster clubs and makes sure everything gets taken care of. Members meet every Thursday after school to come up with ideas and put things together. High School is all about spirit and making memories last; this club helps create memories to last a lifetime. The Booster Club is all about starting new traditions. If you are a student with new ideas, Booster Club would be a great club for you to join and share your ideas with. New ideas help create diversity in the school and community.

This year Booster Club contributed in a lot of ways to our school and community. They hosted fund-raisers, and social events like dances, and games. The powderpuff game is a flag football game between girls from the junior and senior classes. Booster Club was able to sell powderpuff t-shirts for the girls to purchase, whether they were playing or not. The club also hosted the fall homecoming dance. In an interview, Ms. Torres stated, "We sold homecoming t-shirts that were purchased by students, staff members, and community members. The club gets a lot of their funds from selling things like the shirts. They come up with all of the themes for games, spirit week, and homecoming courts. During spirit week students celebrate their school pride by participating in activities related to the school's sports teams, wearing school colors and competing in special spirit week contests. Spirit Week is held during the week before the school's homecoming game. On the Thursday night before the big day Friday, each grade level has a theme to decorate their locker bay and the administration judges each class's area to see who's got the greatest spirit! There are a lot of things that come with homecoming week and Booster Club makes sure all of those things happen."

The club also does a lot for the school itself. During the interview Ms. Torres stated, "We build camaraderie among students in ways that they wouldn't think of. When students get together to plan and participate in all of these activities, it builds relationships and allows students to enjoy their time at school. The club promotes diversity among all students at Hobart High School. New ideas from members are always welcome and help the club create new traditions and new ways of doing things." She also noted that booster clubs are not social clubs. Rather, their main purpose is to develop support and help bring spirit to the school. Members of the club are ready to create new traditions for the Brickies.

This year's theme for fall homecoming

National Honor Society

By Tori Maldonado

CURRENT AND NEWLY INDUCTED

National Honors Society is one the most prestigious clubs we have to offer. NHS benefits your future and can even help you get into colleges. Community service hours are a requirement, which looks good on transcripts and job applications. This club isn't offered to all students. In order to join you have to earn it. You first have to have a least a 3.8 GPA or higher, which is why if you are considering joining this is something you want to start early to build your GPA. Once you meet the GPA requirement your names are submitted to teachers for evaluation. If you meet the requirements as determined by the faculty council, you will be inducted. Members of NHS participate in various activities throughout the year including organizing the semi formal dance in January. So if you're looking to engage to join a club with long term rewards, start working on that GPA and be a team player with classmates and teachers!

Athletes Share Their Faith

By Skye Lipke

Michael Burton leading the group in an icebreaker

A group of students enjoying the lake

The Fellowship of Christian Athletes is touching millions of lives one heart at a time. Since 1954, FCA has been challenging athletes on the professional, college, high school, and youth levels to use the powerful platform of sports to reach athletes with the transforming power of Jesus Christ. At Hobart High School one of the clubs that they provide to you is FCA. Highly involved with FCA at Hobart High School are Caylee Stahl and Joe Burger, who put in the time to reach out and help students connect with Jesus Christ. Caylee Stahl would like others to know that they welcome any Hobart High School students; you do not need to be an athlete nor do you have to be a Christian.

Different students open up their homes to host the meetings. Mr. Burger states "We unapologetically teach what the Bible says, who Jesus Christ is, and how we as individuals and a "community" relate to the world around us." During each meeting, they have a meal together, pray, have lessons from the bible and do activities such as ice breakers. Throughout the school year, FCA stays active with different opportunities to come together as a group and have fun. They host a lock in, Christmas party and an overnight retreat to Camp Tecumseh. Kelsey Black, a student who went on the retreat, stated "I had the chance to learn many new skills and new experiences but most importantly I got the chance to grow in my faith." Zoey Belk, a student who participates in FCA states, "during the lock in it was a really fun way to grow in our relationships with both each other and Christ." In the past students have said they have had great times on these trips and this has changed them to be better overall people.

WHERE IS THE
afterparty?

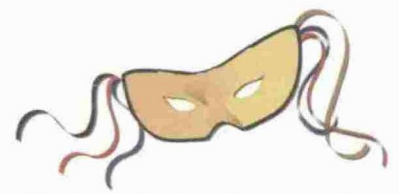

Integrated Prom

By Iyanna Steele

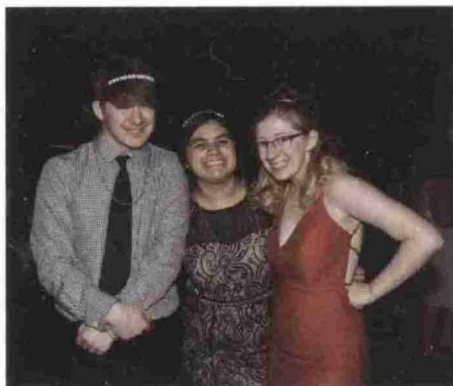

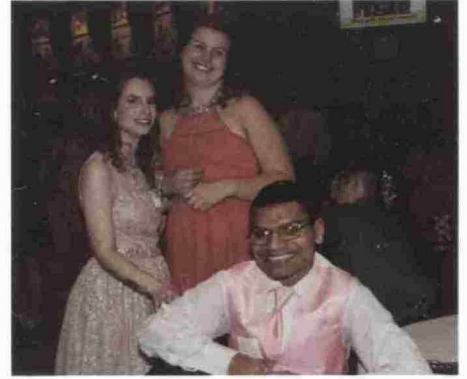

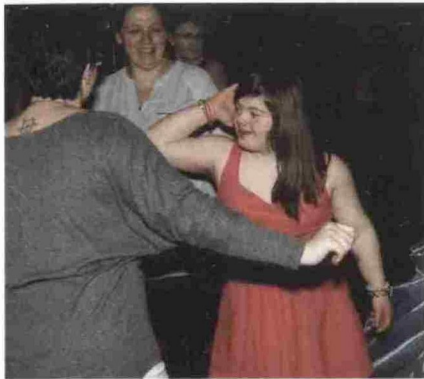

Hobart High School partnered with the Chasing Dreams organization this year to host their very first Integrated Prom for those who have never had the opportunity to attend a regular prom. Guests, aged 16 up to 70 came out and enjoyed the night. This prom was special because it made it possible for people with challenges that might prevent them from attending a traditional prom to attend. The Hobart High volunteers present to make sure the guests had a night to remember, also took away many memories they would not soon forget.

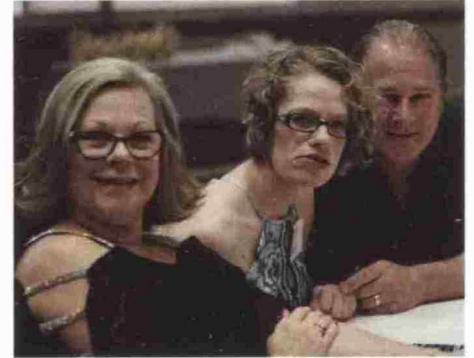

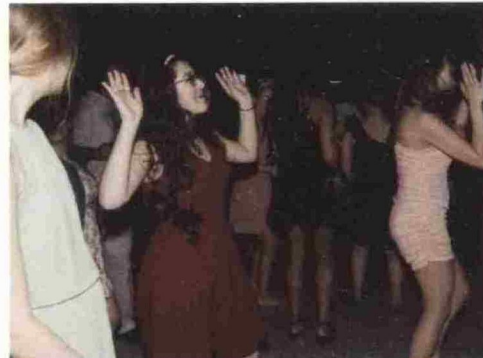

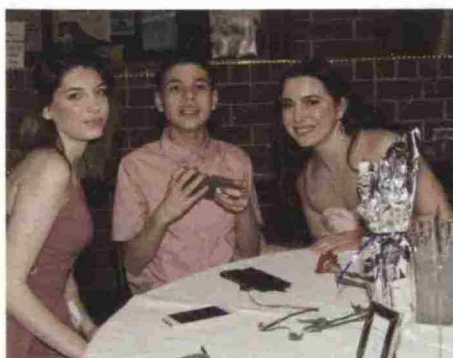

"I decided to volunteer because I thought it would be a fun experience and I would get to help make someone's night special. I believe it was one of the best, if not THE best dance, I have ever been to, because there was so much positivity in the air. It was amazing talking to people I did not know beforehand and getting to know them. I met several amazing people that night and found out that it was their first dance and they were having a blast, which completely made my night. Overall if I could, I would totally do it again. Everyone deserves a night full of joy." Alicia Rojo

"Volunteering and being able to be a part of the Integrated Prom this year was such a delight to me. I decided to be a volunteer guest at this inclusion prom because I thought helping all of the outside guests have a great time was worth the while. I was not only able to help them have a fantastic night but I was also able to make a few great memories of my own and enjoy the night as well. Seeing everyone dressed up, smiling, and having a great time made my heart happy".

We Believe that

We Will Win!!

21 Sports, 1 Team *We Are Hobart*

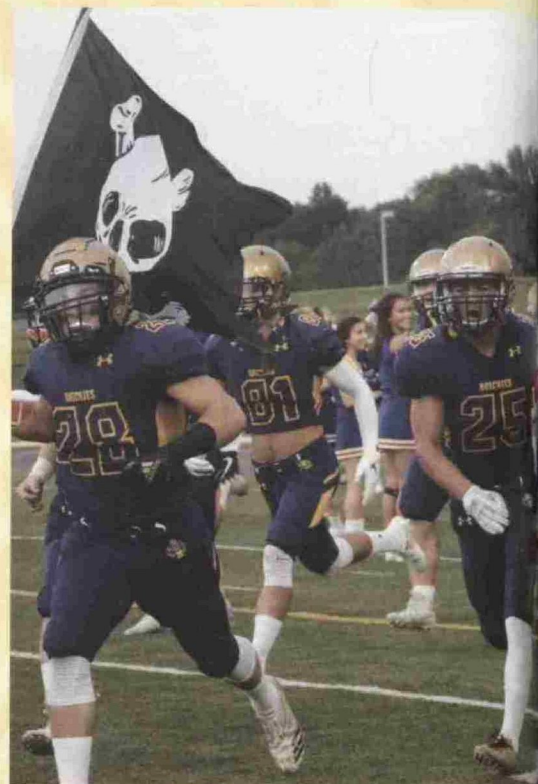

New Beginnings: Hobart Football

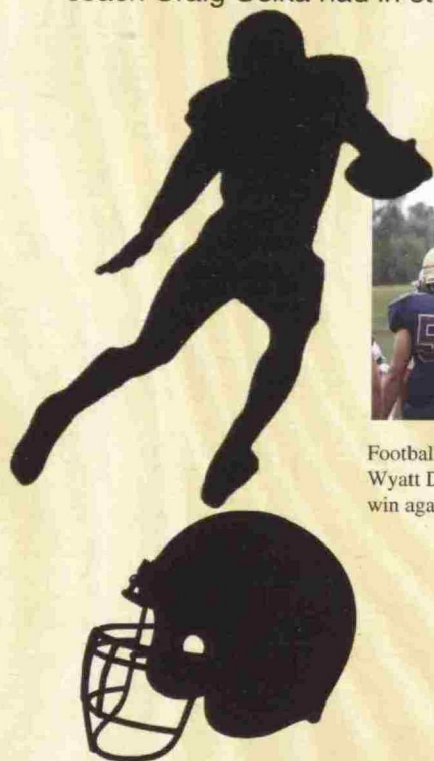

By Mariana Lopez

The Brickie football team was full of new beginnings. The Brickie's own Riley Johnston had some things to say about the 2018 season. "With new coaches and a whole new offense, the team adapted quick. I am already seeing huge improvements from last year. As long as we continue to come together, stay focused, and dedicate ourselves, we have nothing but greatness in store for us this upcoming season," Sophomore quarterback Riley said. As the 2018 season approached there were high hopes for the team and everyone was excited to see what the Brickie's new head coach Craig Osika had in store.

No one expected them to win their first two games, let alone by 1 point each. Their nail biting victories throughout the season earned them the nickname "cardiac kids". What's more heart racing than a close game that ends in your favor? Week four the bricks humbly worked their way up the rankings in the region and were at the #1 spot. What a rush for Brickie football fans. As the season went on, the Brickies had many ups and downs, but they were all lessons that will assist them in accomplishing more next season.

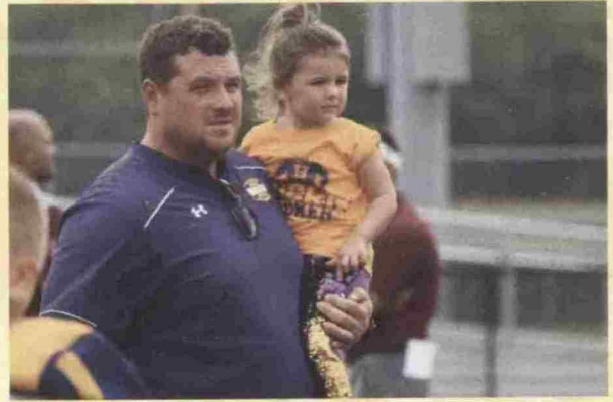

The Brickies' offense celebrate a touchdown.

Football manager Chet Wagner and senior Wyatt Decanter embracing the Brickies win against Culver Academy.

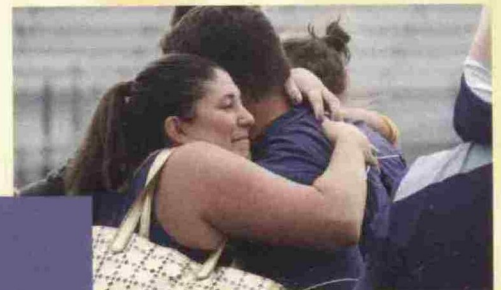

New Coach, New Mindset

Not only did Hobart take on the new season with a new coach, but also with a whole new mindset. New head coach Craig Osika came into the season with a clean slate. New positions, new players, but also the new entrance that got everyone on their feet. The new entrance was based off Virginia Tech football, and was practiced multiple times, Coach Osika said. As the new coach he wanted everything to be different because he knew what he had to bring to the table and was aware of the potential of this team. Going into the first game against Chesterton, he knew they were the underdogs and no one expected them to start the season off with a win, but they did. Osika said that no one genuinely expected them to win their first four games and the fact that they proved everyone wrong was his favorite part of this past season. Coach Osika is excited to utilize this past season to strengthen the team and continue to build.

Senior team captains Sal Valle and Sam Valdez meet with Culver's captains for the coin flip.

Head coach Craig Osika celebrates a win with his wife.

Spotlight on Sal

Senior running back and safety Salvador Valle had a lot to say about how his last season as a Brickie football player went. Coming into his senior season Sal was recovering from a wrist surgery that genuinely impacted his thoughts on how his season would go. He felt he was not going to be able to come in as strong due to losing strength after surgery. That was not at all the case, Sal averaged 44 solo tackles, 74 total tackles, 7.4 tackles per game, 757 rushing yards, 4.9 rushing yards per carry, and 154 carries all in just one season, his senior season.

Sal had some advice for players coming into next season: "Focus on school and keep your grades up, not only during the season, but carry it into the off-season as well." Not only does he think grades are important but he says also practice like you would play because every practice impacts how you play.

JV Football

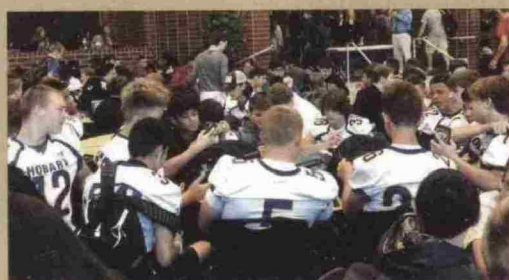

The JV football team had many highs and lows this year, but there were a lot of great moments that came out of it. They ended the season with a winning record while dominating the teams they played in a lot of aspects. After speaking with some of the coaches, they are happy and satisfied with the way that things had turned out. They had learned a lot from this year from the mistakes that they made and they are going to use it next year to help improve their team.

Freshman Football: Continued Greatness

After an undefeated season last year, the freshmen team started the season with high expectations! They wanted to repeat that in style this year. This is the last year that this full team will be together as their own squad and they made many memories. They have become very close over the last several years playing as a team and are excited, as are the coaches, as to what the future holds. Perhaps these boys are the squad to help take Hobart back to Indianapolis in post season play!! Keep up the team work boys!!

The Time To Cheer Is Here

by Skye Lipke

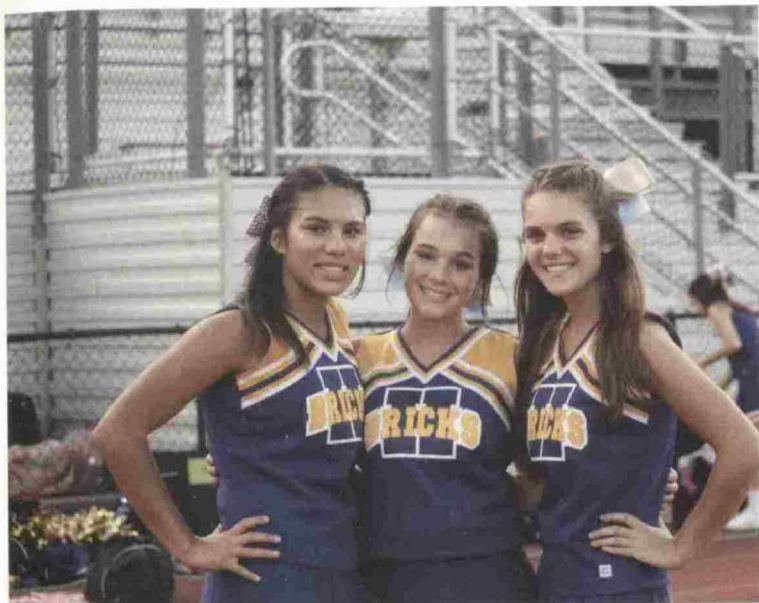

From the left Cassandra Ryder, Gabby Cottrell, and Mercurie Sage on their senior night.

Brickie cheerleaders posing for a picture before the game

Brickie cheerleaders before the sectional game

Alyssa Gonzales on the left, Madeline Cruz middle, and Piper Logan on the right before the Culver game.

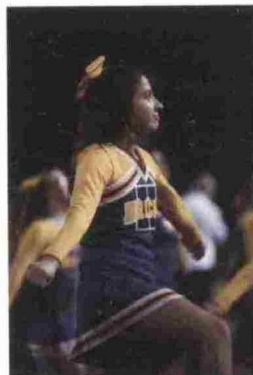

This year, the cheer team is young, with only three seniors: Cassandra Ryder, Gabby Cottrell and Merquire Sage. Head Coach Kriste Bell stated "It took time for the girls to become completely comfortable around each other and be able to work together as a team." Many of the girls throughout football season were working towards personal goals such as stunts, tumbling skills, and community service hours. The Brickie cheerleaders do well at giving back to their community having contributed 400 hours of community service as a team. Some of their community service hours came from breast cancer walks, and other fund raisers. They also help at National Night out. This football season was a lot of fun for the cheerleaders because they got to cheer for winning teams. The girls were glad to be a part of those special moments.

Go Bricks Go!

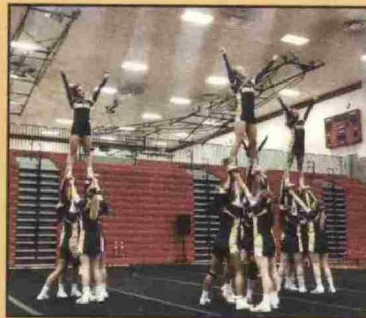

By Cameron Tarry

Cheer coach Kriste Bell stated that, "Overall we had a great winter season. We had a successful competition season despite having to miss out on a competition due to injuries and illness that took over the team." They also had a stand-out performance at the Hoosier Open Competition held at Portage High School where they took 1st place in the All-Girl Large Varsity Division and received the Spirit Trophy for being the team with the best school spirit, sportsmanship, and enthusiasm of the whole competition.

Additionally, they had three individual competitors who competed to have the best jumps of the competition. Senior, Merquire Sage, took 2nd place; Junior, Taylor Lollis, took 3rd place; and Freshman Sydnie Anderson took 4th place. I also asked Coach Bell how often they train and practice and she responded with, "Cheerleading is truly a year-round sport. The girls actually begin their year the school year prior. So for the 2019-2020 season, we will begin at the end of the 2018-2019 school year.

Merquire Sage, Gabriella Cotrell, Taylor Lollis and Maddie Ayala all smiling big at the Hoosier Open!

They start with try-outs in May and then they usually have their first performance the very week the team is announced by participating in Kindergarten Graduation for the ELC. The teams then practice a minimum of 2 days a week for 3 hours each day all summer long--sometimes more often--and continue the practices throughout the school year until March when basketball and competition season ends.

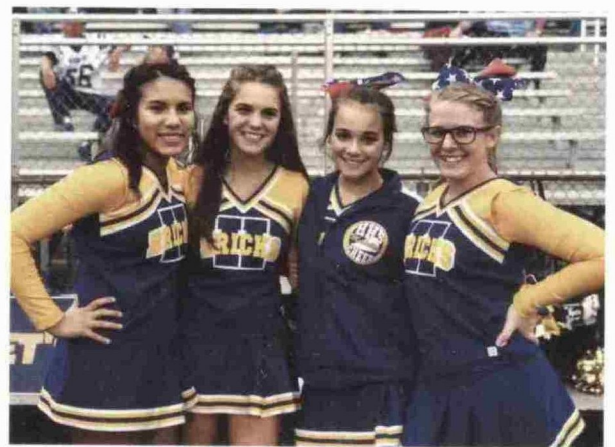

Cheerleaders have other responsibilities, such as public appearances and volunteer work. They are also encouraged to be involved in Booster Club and other activities, so training is kept to two days per week, plus games. Any spare time prior to football or basketball games is often used to get in some additional training; the squad also incorporates skills they are working on for competition as part of their game-time performances to get extra practice in."

Future

Brick Squad

Alyssa Gonzalez, Piper Logan, and Sydney Anderson who are freshman cheerleaders, were asked how they think the future of Brickie cheerleading will go as they go through high school. Freshman Alyssa Gonzalez said "Hobart cheer future has a great chance to become an amazing program. More than ever our team is dedicated and wants more. We will all continue to push ourselves and we will strive for nothing but perfection." Multiple cheerleaders

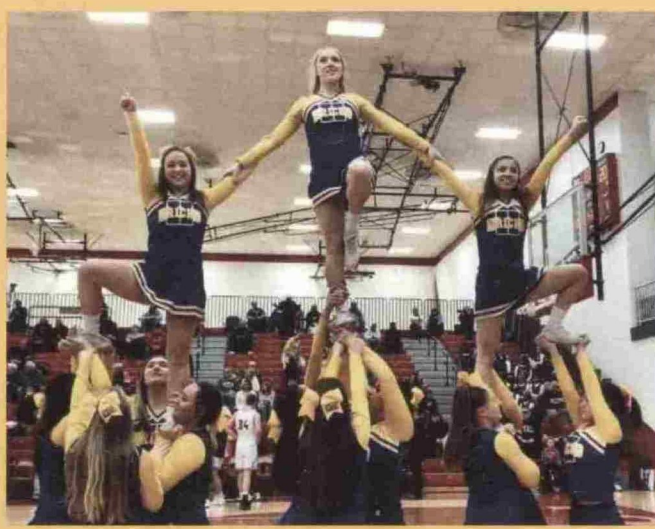

said that as they cheer together and grow in skill and chemistry, the team has a very good chance of becoming one of the best in the area. Freshman cheerleader Piper Logan was also asked, "What do you think the future of Hobart cheer is?" And she replied with, "If we keep working harder we can evolve to a new and improved team. We all have to step up because someone graduates every year and we have to replace those girls with the same skill level or better."

Alyssa Gonzalez, Piper Logan, Madeline Cruz, Sydnie Anderson

Passing the Racket

By Zach Guthrie

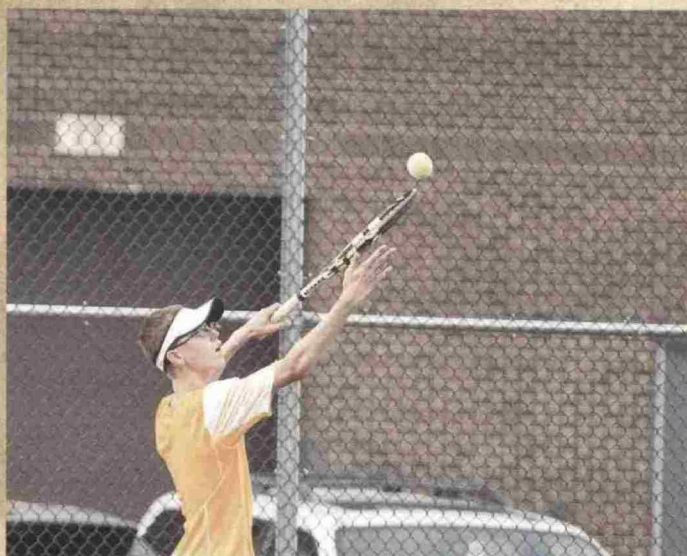

Junior Evan Kara, Freshman Sam Henson, and Senior Cannon Briggs having a short conversation during a break between matches.

The Boys Tennis team worked hard this year. They were a young team with just one senior and had a lot to learn. For senior Cannon Briggs, the best part about playing tennis was having fun playing in doubles. Cannon took the underclassmen under his wing and showed them the fundamentals. He acted like another coach. The best and most memorable part about playing tennis for junior Evan Kara was going to the tournaments, playing with teammates and bonding on the bus rides. This bonding has made it onto the bond definitely showed everytime they took the court. Evan was the only player to make it sectionals. This young team is excited to see what the next season begins.

Senior Cannon Briggs backhanding the ball to his opponent.

Hard Work Pays Off!

Girls tennis team working hard to reach their goals.

The Girls Tennis team finished with an overall record of 8-7 for the 2018-2019 spring season and won their 2nd straight IHSA SECTIONAL CHAMPIONSHIP! After graduating a strong 2018 senior class, the 2019 team took some time to develop into a contender ... but once these girls figured it out – they played PHENOMENAL TENNIS! Led by sophomores Addison Kasch (#1 singles) and Lauren Cicillian (#2 singles) and freshman newcomer Emma Novak (#3 singles) the Lady Brickies steadily improved throughout the spring as the girls gained valuable varsity experience against some of the best teams from NWI. As the sectional approached, senior captain Amanda Cicillian (#2 doubles) became the emotional leader of this group and set the tone day in and day out. Against Merrillville in the sectional quarterfinals, Hobart avenged an early season loss and knocked off the heavily favored Lady Pirates by a 4-1 score! Another 4-1 win over North Newton put the Lady Brickies in the sectional finals for the 2nd consecutive year! In a hard-fought match against rival Andrean, it was the #2 doubles team of senior Amanda Cicillian and sophomore Giovanna Esquivel that sealed the win and delivered Hobart's 7th sectional title in the last 11 years! Hobart continued to play well into the IHSAA REGIONAL as they ousted Whiting in the first round to advance to the regional finals where our ladies eventually fell to #4-ranked Munster.

2018-2019 was another great season of girls tennis in H-town ... one that started slow, gained momentum as the girls improved week-in and week-out, included another SECTIONAL TITLE, and ended in the IHSAA REGIONAL FINALS! These ladies did a fantastic job representing BRICKIE PRIDE as they came together at just the right time to deliver a championship!

Sophomore Addison Kasch earned all-conference honors for her play at #1 singles.

Driving through a new season

The New Coach

This past season for girl's golf has been different from the previous seasons. One of the big differences was having a new coach. After being an assistant coach for several years, Gary Roach stepped up to the role of being a head coach. Being a head coach isn't all that easy; even Roach states that, "The responsibility of handling everything... not to mention trying to create a golf culture for Hobart isn't easy."

Alivia Ahner preparing for her shot

Morgan Chez ready to golf.

Seniors Faith Spencer, Lily Kollross, Crisse Hairston, Sydney Ellis celebrating their senior night.

Team Bonding

Roach also made sure the girls did more things together as a team. He said, "Even though it might not be much, we had team dinners and we had a dinner where we took our three seniors out." His goal was to do as much as he could to bring the team together and celebrate his four seniors: Sydney Ellis, Lily Kollross, Crisse Hairston, and Faith Spencer.

Girls getting ready for their last home meet.

Sectionals

This year, junior Skye Lipke was closer than ever to making it onward from sectionals. Lipke first shot a 98 ending in a three-way tie. After replaying hole 18, Lipke fell short, shooting a four while her competitor shot a three. The girls may have not made it as far as they wanted to this year, but they are evolving both as a team and individually.

Boys getting ready for their match

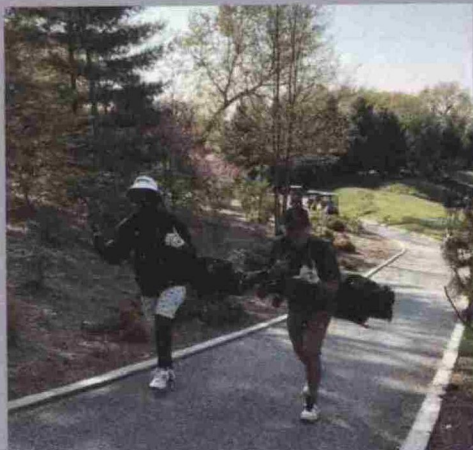

Trevor Schammert finishing his swing

Nathan Schammert and D.J. Lipke moved up from being the 4th or 5th ranking players on the varsity team last year to coming in as the number one and two golfers on the team this season. They have had to take on the leadership of the team, being the top golfers. Last year, Nathan was new to the golf team, shooting scores he knew he could improve on. With hard work and drive, this year he shot a PR of 39! Nathan and DJ explain their favorite memory of the season which was on hole 9 at Wicker Park where both golfers would have to bring their A game in order to win the match. Nathan stated "We both ended up doing what we needed to get done, with D.J chipping in for a birdie, and me making a long par putt."

Senior Andrew Romes maintains a lead on an opponent.

A Shaginaw Makes Her Mark Again!

The Shaginaw sisters have definitely made a place in history at Hobart High School. Every year, one sister or the other has qualified for State, creating a fantastic story throughout the years. This year was no different; Holly Shaginaw qualified for State for the second year in a row. Holly and Christina have achieved great success and that only reflects their strong dedication, work ethic, and commitment to our cross-country team.

Holly Shaginaw posing at State competition.

Holly Shaginaw, Christina Shaginaw, and Sydney Belk start their race strong.

Crossing the Finish Line

By Damien Breitsprecher

What if I told you this was the most successful girls "Cross" season in 25 years? Well, I wouldn't be lying. The girls qualified for their 8th straight Semi-State and missed qualifying for State Finals by one place.

On the boys side of the fence, they found themselves trying to rebuild after losing 4 out of their 7 top runners from the previous year.

Freshmen made a huge impact this season. On both the guys and girls side, 3 of the top 7 athletes were freshmen. Sydney Belk was a standout, becoming one of the top freshmen in the state of Indiana.

Coach Artherhults along with his subordinate coaches individualized training by grouping runners based on

ability level. They base their training on a system in progression, performance, effort, and goals. After losing three seniors and another student choosing not to return on the boys side, Artherhults felt like they were lost before even starting. But with a positive coaching attitude, they persevered and had a solid season.

Coach Artherhults has a message to his senior athletes, "We will definitely miss this group of seniors. We have big shoes to fill. Hopefully the younger kids have learned about hard work and dedication. I believe "Cross" can be one of the best experiences a student can have here at Hobart High School."

Team reciting the Pledge before the game

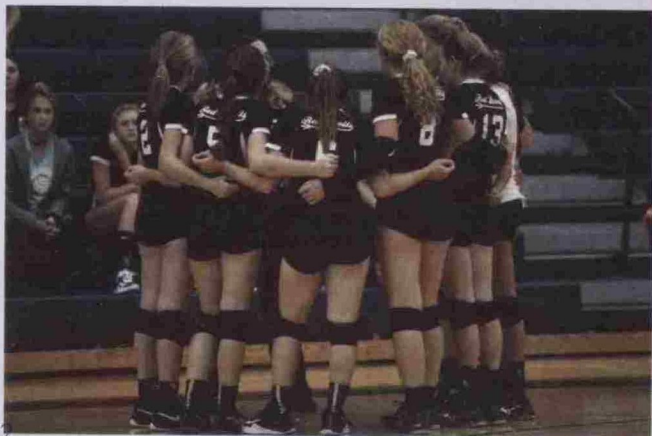

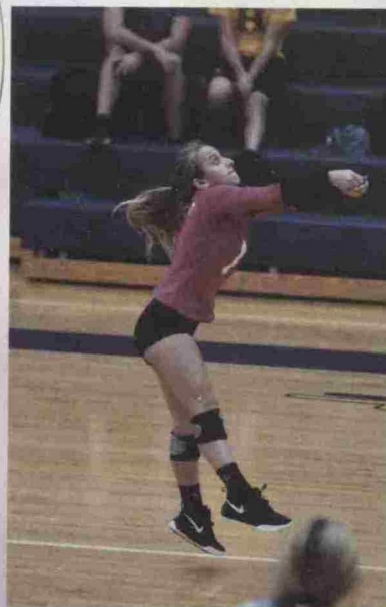

Huddle after good play

New Coach, New Team

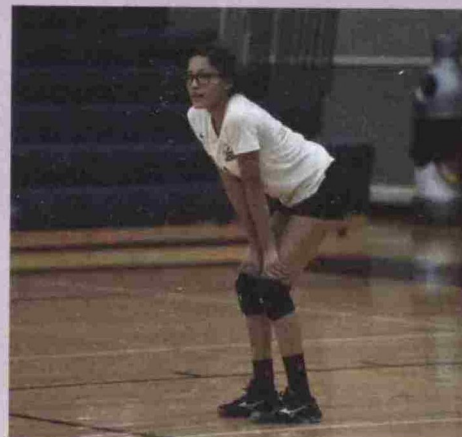

By Sarah Spalding

This year the Hobart High School Volleyball coach, Ashley Kieltyka, set a goal: To build a volleyball team and turn it into a program through increased participation and development, which she hopes will lead to increased sustained success. Based on last season some specific improvements that the team made were, "They were ready to play, more competitive, and more disciplined," said Coach Kieltyka. Some of the proud moments she had in the 2018-2019 season were, "Defeating Kankakee Valley in three sets, competing against the 2017 (2A) State Champion Andrean Team, defeating Hanover Central in three sets, and competing in sectional play." During the season there were some disappointing injuries. When asked how she felt when the team won for the first time in a game against Andrean she said, "When we won our first match, it felt great! It felt like our hard work had paid off." Addison Mets won Offensive Player of the year, Sasha Thomas won Defensive Player of the year, Haley Davis won an award for Pride, Hustle, and Desire, and Alaiya Melton won Best Server. Addison Metts won 1st team all conference, Alaiya Melton won 2nd team all conference, and Jessica Fazekas won honorable mention. The 2018-2019 season record was (11-19) and the conference results were (1-9)

Kickin' It

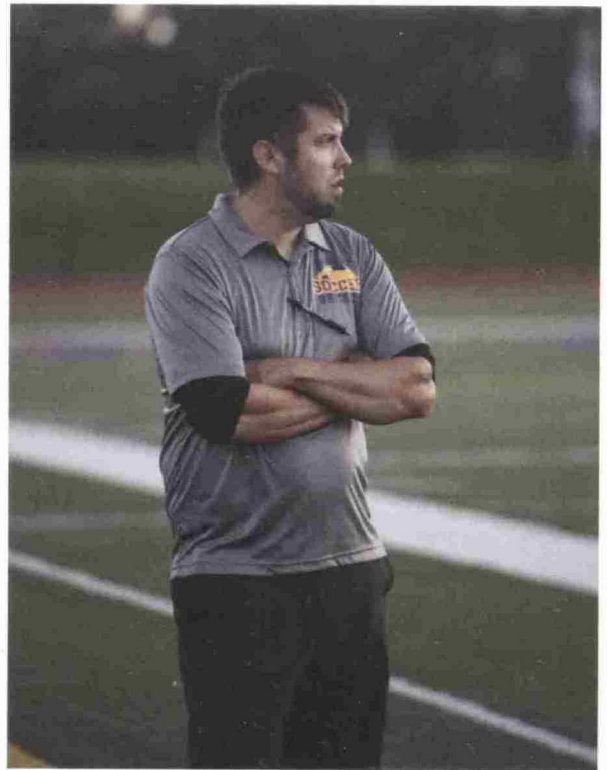

By: Cameron Tarry

Lady Brickies Soccer

This year HHS got a brand new girls soccer coach. This is his reflection on the year, "This was my first year coaching high school soccer. I have coached all age groups leading up to this level over the last 10 years. The big difference now is the time you get to work with players to mold them and the team into your ultimate vision for the program. At the youth level, coaching feels like a side hobby to your normal life. At this level it felt like it was my life and my primary focus every day. It was incredibly challenging, rewarding and enjoyable at every turn."

"I'm definitely sad to see our seniors go. Without their passion and leadership, my job would have been so much harder. They were my motivation every day to put in every extra hour possible. I wanted to ensure their last high school season would be incredibly fun and memorable to them. They will be sorely missed."

"Our program looks like it will continue to grow. Our incoming 8th grade class appears to outnumber our outgoing seniors by double. The future is bright for our program and we're all excited to start next season."

Head Coach Toby Provins looking frustrated

Hobart Girls Scores:

8/13- Wheeler	9-0(L)
8/18-Laporte	3-1(L)
8/20-Hammond	11-0(W)
8/22-Michigan City	3-2(W)
8/27-Griffith	2-2(T)
8/28-Munster	9-0(L)
9/4-Kankakee Valley	2-2(W)
9/6-Bishop Noll	2-0(L)
9/8-Chesterton	9-0(L)
9/11-Lowell	2-2(W)
9/18-Andrean	4-4(W)
9/19-Boone Grove	4-2(W)
9/25-Highland	3-2(L)
9/29-Portage	3-1(W)
10/2-Valpo	9-1(L)

This is senior Arianna Hurtado. When asked how her last and final season went, she said, "It felt very fulfilling as we had new coaches and a bunch of new girls. We had a great season growing as a team and bonding with new girls and coaches. Overall the season was fun, unforgettable, and fulfilling. To know my team and I played to our best abilities during my last year of soccer was amazing."

"Winning the majority of our games and beating Andean was definitely the highlight of the season! We got so close to winning sectionals but the weather got the best of us. The season will never be forgotten and always cherished as a great memory from my last year of high school."

Sophomore Cecilia Provins throws the ball to get her team up the field.

We Are One

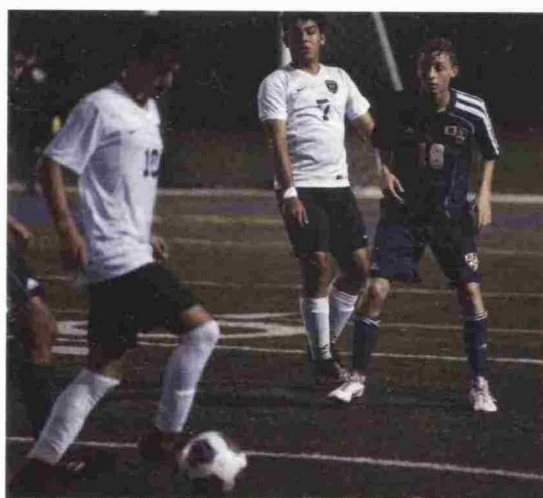

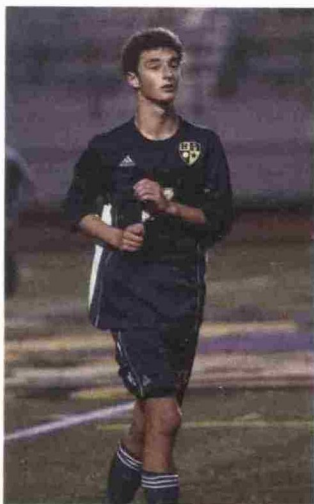

Boys Soccer focuses on building a strong relationship as one

By Julia Olmos

The team coming together and celebrating their win as "one."

Freshman Ian Freimuth running to get open for his players.

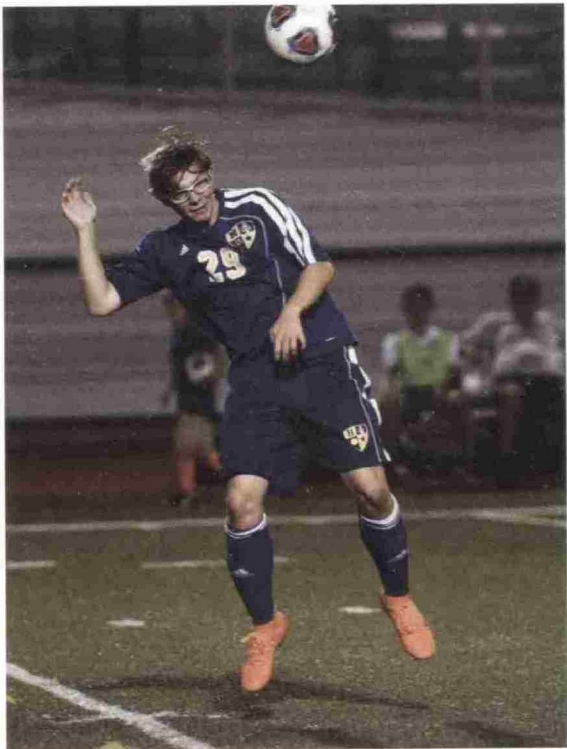

Sophomore Brian Daniels ready to stop the opponents.

The Boys Soccer Team had long tough 2018 soccer season. Senior Cameron Tarry who has been playing soccer for 4 years says that he feels like his team overall did a lot better this season and never gave up and always kept pushing. "Looking back at the season, I would've focused more on helping everyone to work as a team, which would've ended in winning more games," he stated. He also said that he really enjoyed being a captain because he had the opportunity to be a leader and he enjoyed the kids looking up to him. Many of the players agreed that to them, this season involved many losses but that was not what was important. They were still winning, no matter the score. To them that's not what it was about; it was about having fun and having a strong relationship as a team, which is what they had.

No matter the outcome of a game, they knew they were still bettering themselves and building their relationship as one. The coaching staff consisted of Coach Jamie Harris and Coach Luke Weinman. Both Coach Jamie and Coach Luke said that their favorite part of being coaches is watching the team succeed. They both truly believe that success is not driven by only wins and losses. "It can take a long time for players who are not used to playing with each other to come together and have the ability to play as a team for 90 minutes. To Coach Jamie and I, that's success," states Luke Weinman.

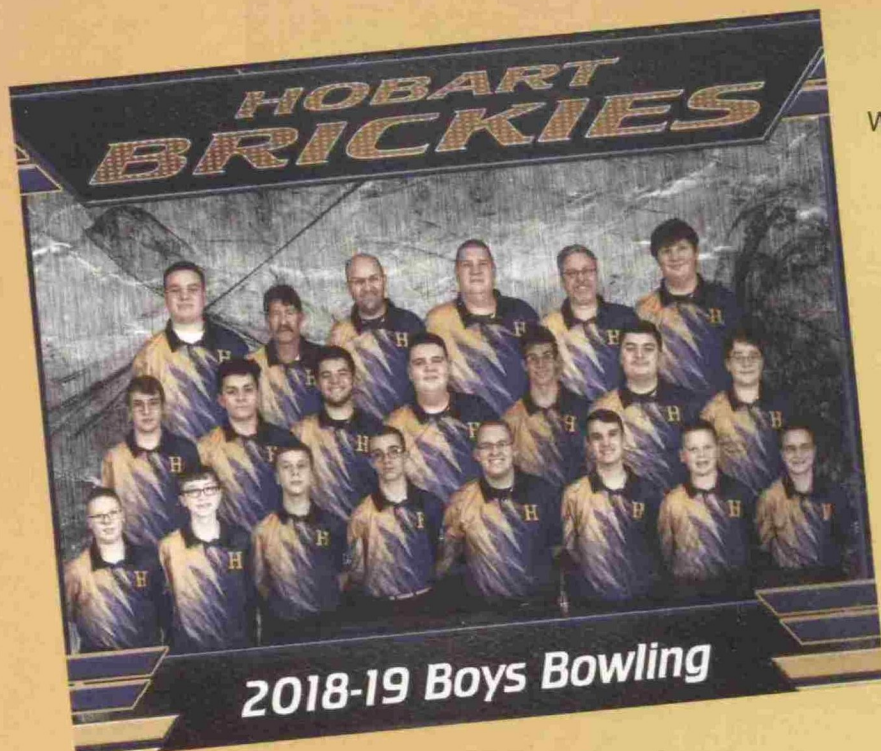

Senior Cameron Tarry dribbling his way through the Bishop Noll players.

Strike!

Written By: Serenity Espinoza

Nick Babilonia, a senior at HHS, at semi-state where he came in first. He came in sixth at sectionals, eighth at regionals, and twenty-sixth at state!

At the end of both respective teams' seasons, each team accomplished feats that many people never thought Hobart could achieve. On the boy's side, the team went on a great run to semi-state where, unfortunately, the team was defeated. Mikey Terek, captain of the team, said, "The last 4 years have shown me what it's like to be a team, where we compete but still have fun with it at the end of the day." On the singles side, bowler Nick Babilonia shared his experience this season saying, "This season was the most important not only to the team but to me as well. I've accomplished a lot this year and in the beginning of the season I said my button-less pants are taking me to state and they sure did."

"We had a great season; everyone worked really hard each week. We have an amazing team and expect big things next season. We are all very excited," Alexis Soto, who went on to regionals for singles, said. Rhiannon Borowski also competed at regionals for singles. The girls placed 3rd at sectionals. Two girls, Angel Millsap and Isabella Ciesielski, made it to the All-Conference tournament. "It never gets easier; you just get better" and "Bowl like a champion" are things the girls' team says to keep them motivated.

Pep in Hobart's Step

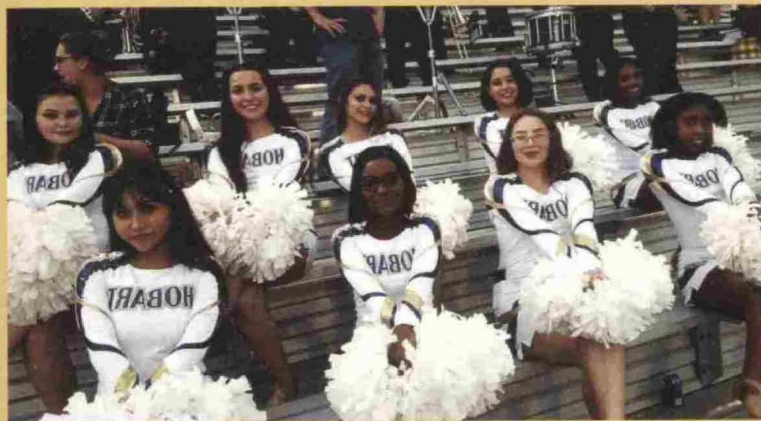

Brickettes Dance Like No One Is Watching

Marching with the band at first home game

The squad had a great time teaching the littlest Brickies how to dance at summer camp!

The Brickettes dance team is not one to forget! In 2015 Ms. Torres created the dance team to teach high school girls to have confidence in themselves and express their emotions through dance. In order for the girls to make the dance team they have to go through a series of steps including a four-day try out during which the girls do a routine in front of random judges. They also must have a recommendation from a teacher, a physical on file, and a good grade average. "Flunkies can't dance," Ms. Torres says.

"I remember growing up in Portage schools and my dad said I had to try out for something. I couldn't play volleyball, I didn't make the basketball team, or even cheerleading! It wasn't until I got into high school and found out a dance team had been created that I realized I wanted to be a part of it. So, I learned the routine, learned the dance, tried out, and made the dance team. But believe it or not, a large part of dance is mental attitude! I wanted to have something I could be successful with. That year I was awarded most valuable player and I just kept going up from there and connected to it. To me, dance is all about the soul and whatever you feel you can be, expressed in movement."

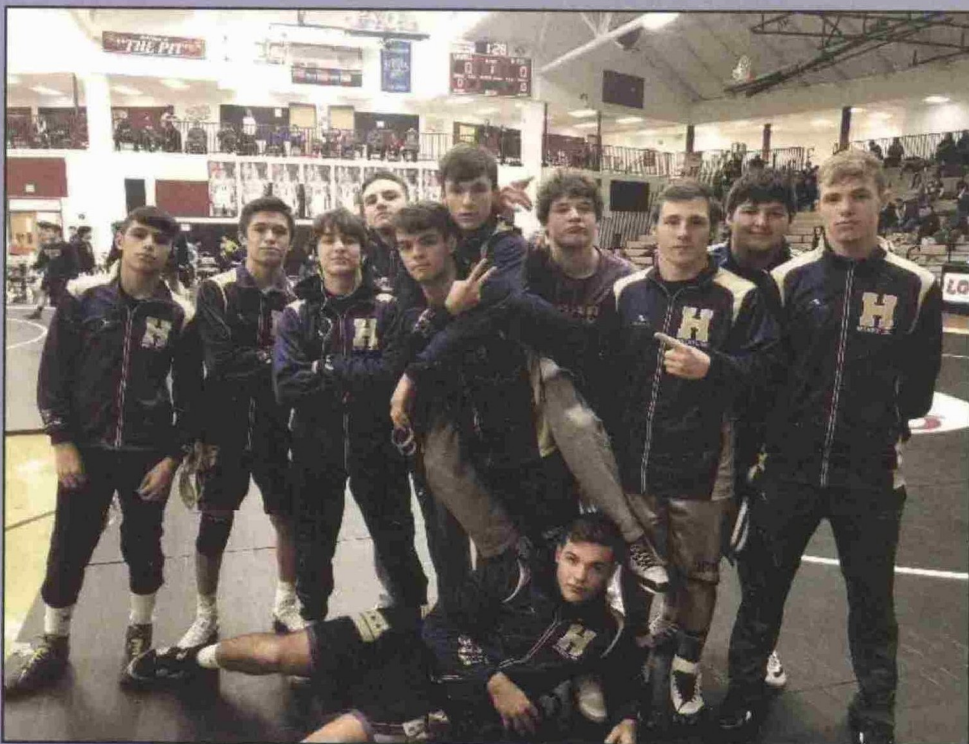

As the school year goes by the Brickettes become a family and learn a lot about each other. "I've learned so much about

the girls I've worked with; I learned about their struggles, family life, their accomplishments, and most importantly I've learned who they aspire to be in their future."

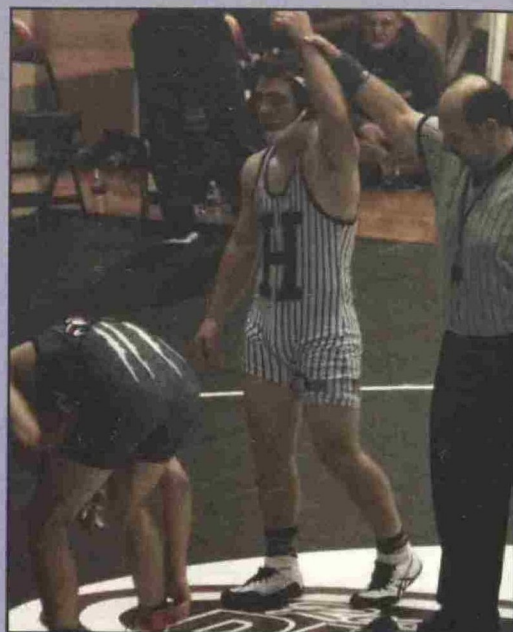

However, Ms. Torres noted, the dance team is not all unicorns and rainbows. There have been times when the girls have not always been a team. "There was a situation where one of the girls were being bullied by another girl and wanted to quit. As a team we had to sit down in what I call the "trust circle" and share two things we liked about each other and one thing we didn't. In the end, we all learned how we needed to focus on the things we like about each other rather than the things we don't, because we cannot change anything about anyone. There were a lot of heartfelt comments and some tears were even shed. It was really an eye-opening opportunity for the girls to let out their emotions to one another." Even though they haven't always felt like a team, they always come together as one and grow as a team! The Brickettes won't stop growing and becoming stronger as one. Don't be scared to try out for the team next year!

"I really believe in fairness; even the girls with the lowest scores I give at least two months to try and earn their way up to the team."

Post-Season

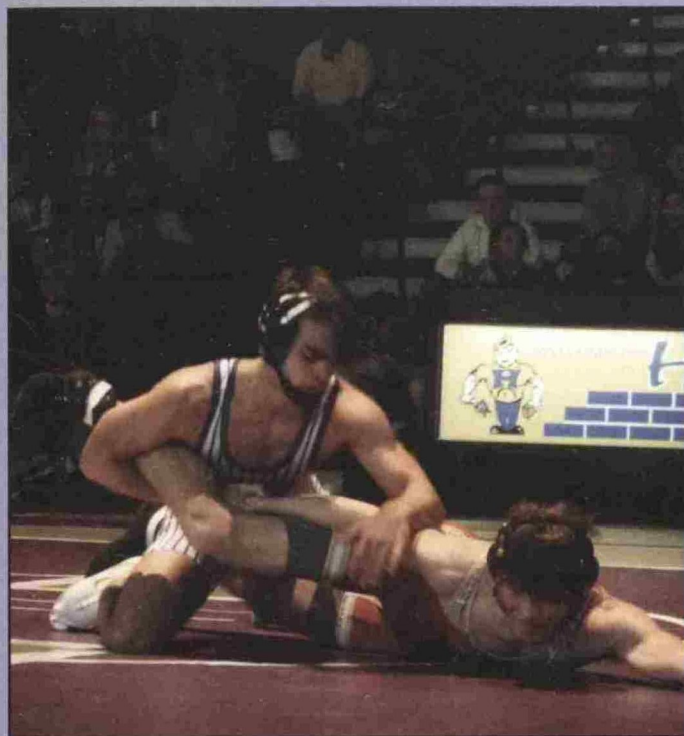

The 2018 season ended in February but the Brickies did an excellent job this year. They had an outstanding win at a dual meet against Lowell. Lowell was ranked higher than Hobart according to the newspapers, so the team came in ready to compete. Coach Cook stated, "I think if we wrestled them again we could beat them by more. The team can look back on their previous matches from that night and fix it for the next time." Many of the wrestlers started the beginning of the season undefeated. Freshman Ruben Padilla, Sophomore Tyler Turley, and Sophomore Bobby Babcock all have a Harvest Classic Title this season. There are also some guys who went in to semi-state ranked. The list of Semi-State ranked included: 106- Ruben Padilla #5, 152- Tyler Turley #2, 160- Jacob Simpson #5, 170- Jacob Vode #7, 195- Bobby Babcock #5, and 220- Mark Mummey #8. State-ranked wrestlers included: 152- Tyler Turley #11. The Brickies had a great season all around.

Bobby Babcock in the sectional finals to take home a sectional win.

Tyler Turley during the dual meet against Andean

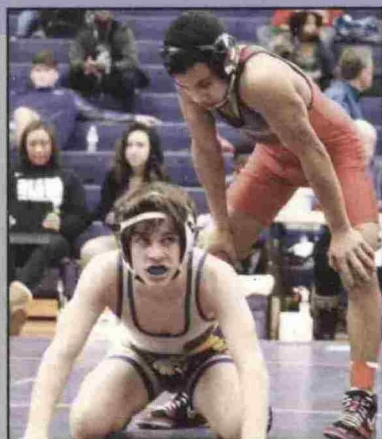

#BrickRode

by Maddie Ayala

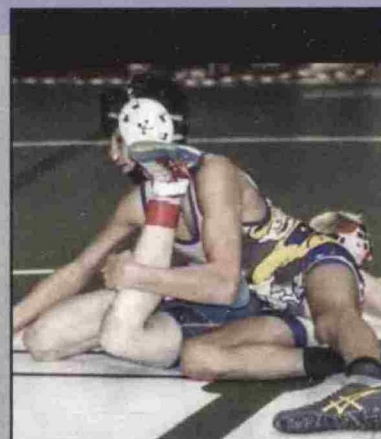

Brick Rode is the path of victory through perseverance, intelligence, toughness, and skill. Coach Cook states that, "We rode out a few storms and opponents this season," which shows why they use to term "rode" instead of "road." As the season came to an end for the Hobart Brickie wrestlers, they've accomplished so many things as a team. Jason Cook, head coach had nothing but positive things to say about this year's team. This is Coach Cook's first year coaching for Hobart and he explained how amazing it is. In the interview, he stated "I've coached at other schools for 10 years and I've received just as much support coaching for Hobart for 6 weeks now, as I did in the 10 previous years," which shows how much Hobart supports everyone. Coming into a new school isn't always easy, especially in sports. New coaches don't necessarily know how the team or other coaches are going to be. The wrestlers were skeptical with someone new coming in to take over. Some of the wrestlers explained how they feel about the change. Sophomore Tyler Turley stated, "Not knowing who was coming in and how things were going to be run was difficult. but things are definitely headed in the right different and we're working a lot harder." Sometimes change is good for a team, bringing new ways to get better and ways to work.

Coach Cook believes there are so many people on the team that fall into the leadership category. When asked who the team leaders were, he mentioned the team captains in general. He states, "The easiest team captain pick would be Tyler Turley; he's the most vocal of our leaders. Tyler is someone who comes into the wrestling room to work and get prepared for his competition." He also listed Jacob Vode, "for working by example and just knowing what to do. Jacob is the only senior on the team this year, therefore he is expected to be one of the top leaders." Coach expressed that "My hope is that we have a situation where we have so many leaders, that it doesn't matter who the team captains are; in the wrestling room everyone is expected to be a leader."

Ruben Padilla during the first round of semi-state.

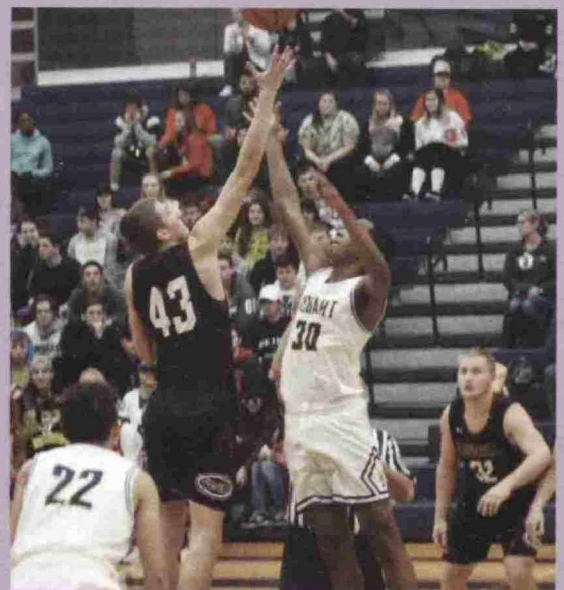

They shoot... They score!

by Kora Neace

The Hobart Boys Basketball team took on their 2018-2019 season with determination. This was year 2 with Coach Brown, and the boys still brought the same level of energy as they did the year before. Coach Brown kept the mindset for the following year that his team is and always will be the best. This year the team only had one senior. That was Kendal McCarthy. The Boys Basketball team focused on teamwork this season. Outside of the game, the bond these boys have is amazing. On and off the court, the way they all get together and find a good way to have a good time has helped bring them together as a team. This season has been rocky, but the way the boys play the game and work together, as well as the commitment they put into every practice and every game, is a definite highlight!

Trevor Underdahl goes up for the lay-up

David Brown goes up for the jump ball

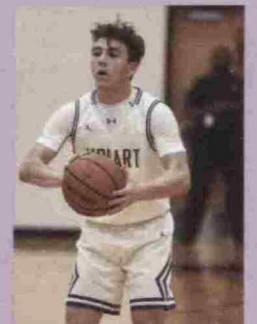

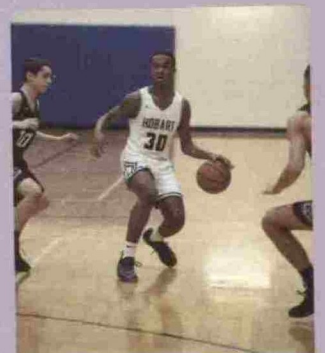

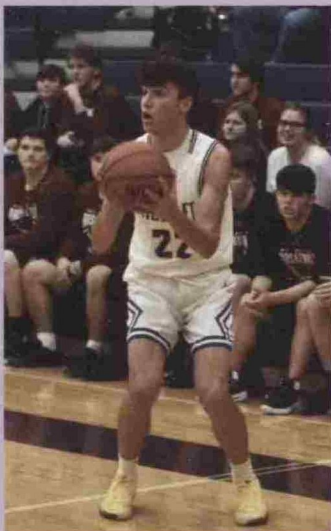

Players C.Banjoff, A.Williams, S.Underdahl, R.Johnston, and C.Stojancevich take the floor

The team's top wins were over Boone Grove (60-51), Eastern (56-55), and Wheeler (43-35). The Brickies also went down to Knightstown, IN for a tournament. This is where the legendary movie "Hoosiers" was filmed. They played a total of 3 games, won 2 out of the 3, and ended up winning the whole tournament, with a winning score in the last game of 56-55. When talking to Coach Brown, he stated, "I'm proud of the effort our guys made this season. Our young guys were able to gain valuable experience. We have an opportunity for a very good season next year if they continue to work and buy into the team concept. All the pieces are in place for success." All though the season was cut short after a very close game against KV (56-53) in OT, the boys and Coach Brown will be working very hard in the off season to get ready for the next.

More than the Scoreboard!

The 2018-2019 Hobart Girls Basketball team was not all about the score or record this year, but the effort and improvement these girls put into each game. There were 5 games that these girls really improved on. In the 2017 season, Hobart lost to Kouts 40-31. They came back in the 2018 season winning against Kouts 53-47. The game against Portage did not end in a win, but our girls improved big-time. In 2017 the girls lost 69-21 but came back in 2018, still with a loss but a big improvement and a score of 52-42, and those weren't the only games with big improvements. Overall, the girls worked together to build a team that supported one another and learned from one another. They are excited for what next year will bring!

We Love Our Seniors

Coach Feddeler said, "I am very proud of the effort and dedication the girls showed towards our program this season. They were a very dedicated bunch that gave 100 percent each and every time they took the floor. Their determination and hard work was obvious to all who watched every game, and the grit and desire they showed will carry with them throughout their life," Feddeler said. Hobart's Girls Basketball team was a small group of girls but they pushed themselves and did what they could.

Boy's Swimming and Diving

By Zachary Guthrie

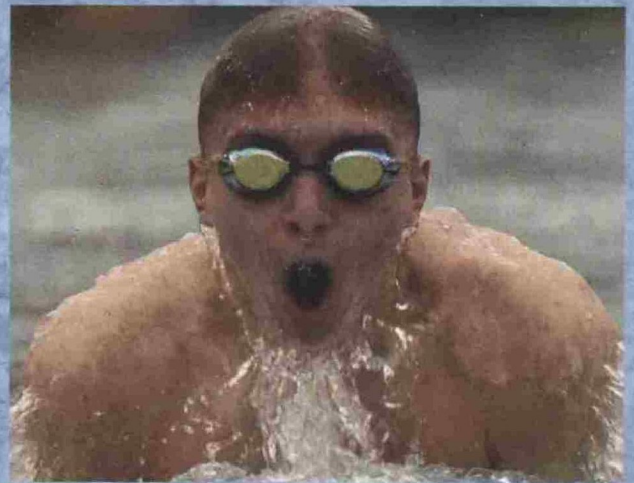

An excited start to a race!

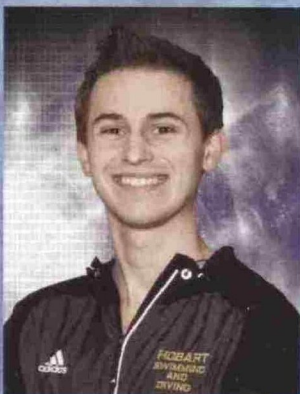

Executing an impressive dive!

The boys swimming and dive team had a great season. The teams were lead by a strong group of seniors. Both teams set out to do great things and they achieved them. Several boys broke pool records and there was even a sectional record broken this year by Luke Tilford! The team made it a priority to encourage one another throughout the season and had awesome results!

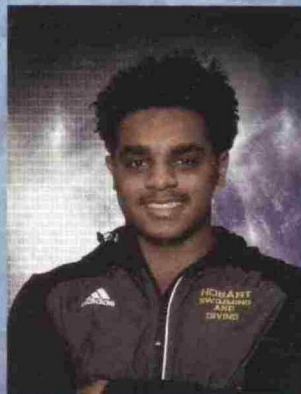

Senior Luke Tilford making a run to the other end of pool.

Favorite memories....

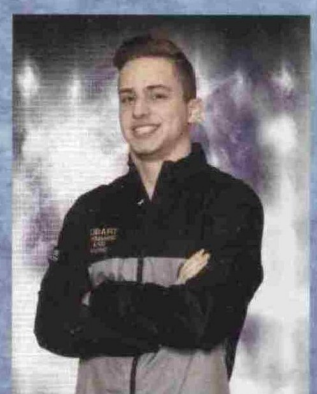

Brad Gobin:
"Leave it all in the water. Just keep swimming."

Taylor Walker:
"Playing to my best, each of the past 4 years."

Luke Tilford:
"Breaking a record my senior year was great for me the past 4 years."

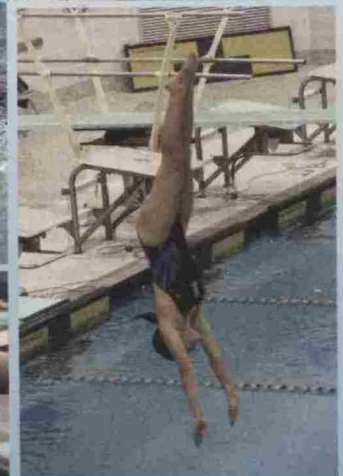

Wyatt Decanter: "I always enjoyed Wednesday practices racing against my teammates."

Girl's Swimming and Diving

By Damien Breitsprecher

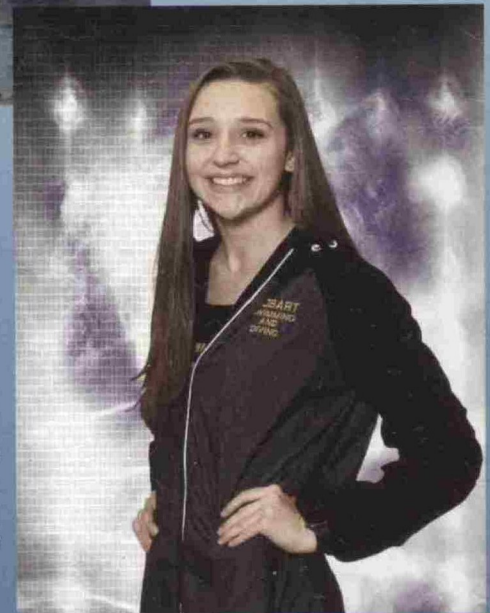

The women of sports prove to be a force once again during the 2019 school year! They were excited going into this season to see how they could build on last season and expectations were surpassed. The diving and swim teams work hand-in-hand and wrapped up their November to February seasons. This year definitely contained dedicated and caring coaches. The diving coach pushed her athletes to be the best students they can be alongside being a strong diver. She helped students with their own school work. A set plan was kept and the coach helped her divers achieve their goals.

The team had to be ready for competitions. They have dual meets which are 6 dives and each diver always has one required dive and the rest they get to pick. For conference and beyond there are 11 dives; 2 from each category and one extra. The swim coaches really push to show their motivation to their team. Their team reflects this and thus, swimmers try harder and harder. The coaches show their group of students that they care about them and their opinions.

Mackenzie MacRoberts
"You just have to push through the fear as best you can or you will have regrets. I had a lot of fear in diving so now I have some regret. It is a hard sport so you can not give up when you don't succeed at first."

Nina Rucinski:
"Everyone should make friends with all the girls on the swim team! They are the sweetest group of people ever and are very positive even throughout hard practices! Out of all the sports I have been in, the girls swim team will always be my favorite!"

The Powerful Six

By: Gabby Cottrell

This year's season Hobart Girl's Gymnastics started off with an outstanding win against Lowell. The girls pushed themselves and had the pride that they would place. Although the rest of the season might not have been the best, it is not about score. These girls worked hard the whole season and never gave up. According to Coach Jose, "As the season went on the girls improved their scores from 89.7-100.2." They worked hard during every practice and every meet they competed in. These girls never gave up. They placed 5th in their Merrillville meet which was the first time placing all season. The team was a small team this year, with only 6 girls. Coming from 13 girls last year to 6 this year, it was a lot different and way smaller. With having a smaller team this year the girls were able to focus more on their own personal skills

and be coached more. While interviewing some members of the team Skye Lipke stated, "With a smaller team it gave the team more of a chance to get closer."

The girls got many opportunities to bond including: team dinners, secret santa parties, and team breakfast. Yesin Flores was the only senior on the team this year. She participated in all three events including: vault, bars, and floor. Her highest score for this year's season was 8.45 at one of her meets. Being the senior, she was the captain of the team and took on many decisions with the team. During the season the girls got community service hours for volunteering at a club state meet. Each girl ran scores and helped run the meet. This year's season was very good for the girls. All the girls improved in all of their events and their scores went up as the season went on.

Run Bricks Run

"The year of the sophomores" could be a phrase to describe the 2019 track season. The sophomore class was lead by Riley Johnston, Zach Vode, Bruce Liepart, and Julien Ruiz. These 4 individuals earned All-NCC honors and advanced in post season. Junior Tyler Davis and Senior Lucas VanWijngaarden took stand-out roles as leaders this year and it was exciting!

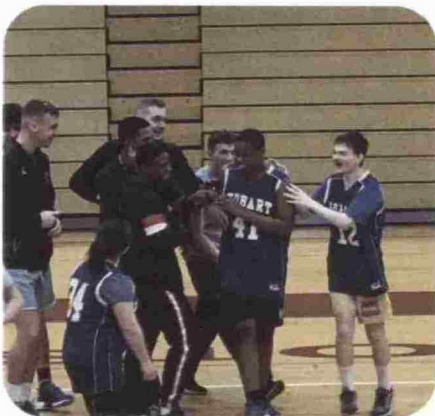

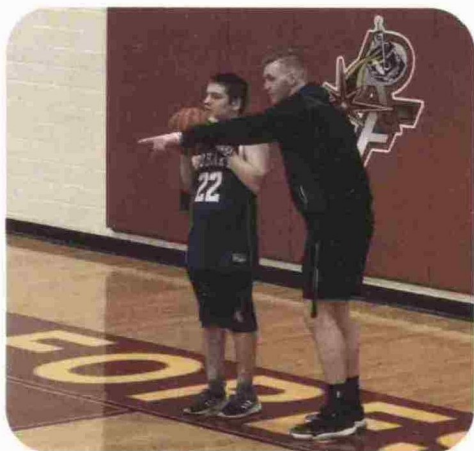

The girls team also contributed much to the season! Almost EVERY Hobart athlete performed near or above their season/lifetime best in the post season. Junior Addison Metts was FANTASTIC competing in both hurdles and 2 relays ... narrowly missing out on a trip to Bloomington in the 100m hurdles after placing 5th. Senior Olexia Brookshire finished her decorated Hobart career 1 meet short of a return trip to the state finals placing 16th in the 100m dash and providing strong legs on both the 400 and 1600m relay teams. ! Senior Devante Clemons closed out his Hobart career in style with a STELLAR race in the 400m Dash ... finishing 2 spots away from an automatic state birth in 5th place and barely missing a call-back by a fraction of a second! Devante also ran a RIDICULOUS anchor leg on the 1600m relay team to help them achieve a season-best mark! Freshman PHENOMS Sydney Belk (distance) and Dominique Clemons (sprints) both got a taste of being on the doorstep to greatness ... an experience that should prove meaningful as they continue their bright futures! Hobart Track and Field has much to be proud of and there is no doubt that future will continue to grow brighter!

Senior Elena Polizotto and sophomore Riley Johnston both qualified for state for the second year in a row. Both were in pole vaulting. Elena also won the NCC Championship in record-setting fashion with a vault of 11'3", which also broke her own school record. Riley was also the NCC Champion along with earning IHSAA Sectional and Regional titles as well. Both competed at Indiana University in Bloomington for the IHSAA state championship for pole vault. Elena finished in 17th and Riley finished 3rd!

Unified Basketball

Unified Track

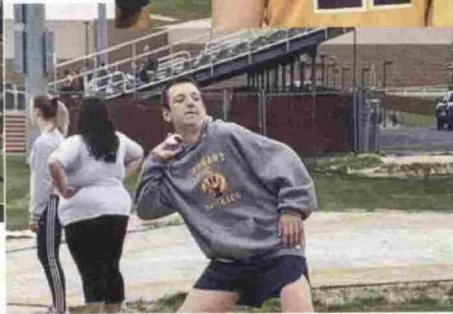

Coaches Ms. Keefe, Mr. Wesley, Mrs. Butler and Mr. Balash all dedicated lots of time to these teams. The team has worked hard in practices and gives 100% every time. Mrs. Keefe said "I just love to see things that they thought they never could do and then accomplish them." Students from the boys basketball team and track team volunteer as additional coaches. The experience of working with the team is very rewarding. Sophomore Aaron Bell said "I loved helping and getting to know the team members, I look at them like they are just like me! It is so much fun"

The smiles on the faces of team members, peer partners and coaches says it all! Good job team!!

I wanted to start a unified track team as part of an effort to find more opportunities for our students to participate in extra-curricular activities. Unified Track is a collaborative effort of the Indiana High School Athletic Association and Special Olympics Indiana that began in 2014 and allows students with and without intellectual disabilities to team up in an IHSAA-sanctioned activity. Our inaugural season was such a success, that in our second season we grew with more student athletes wanting to join the team. It has been such an enjoyable and rewarding experience seeing the pure joy of participation. I hope that our team will continue to grow and improve each season here on out.

Brian Wesely, Coach

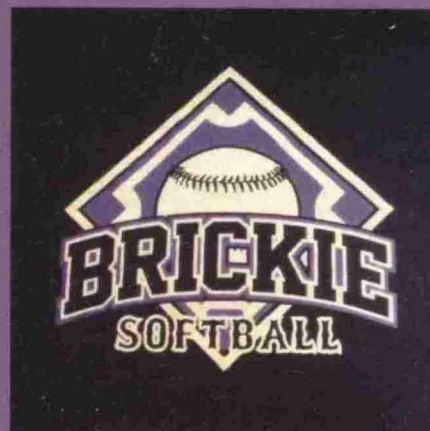

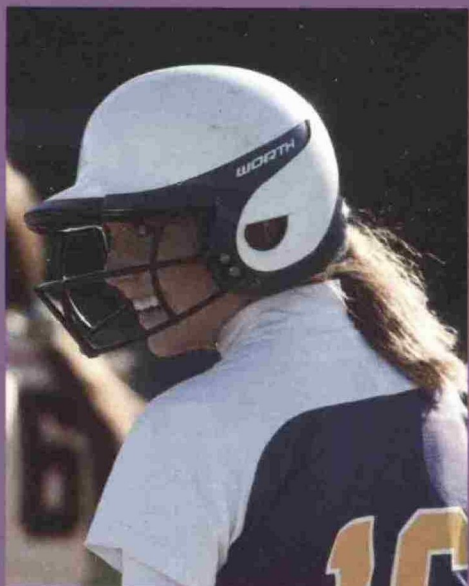

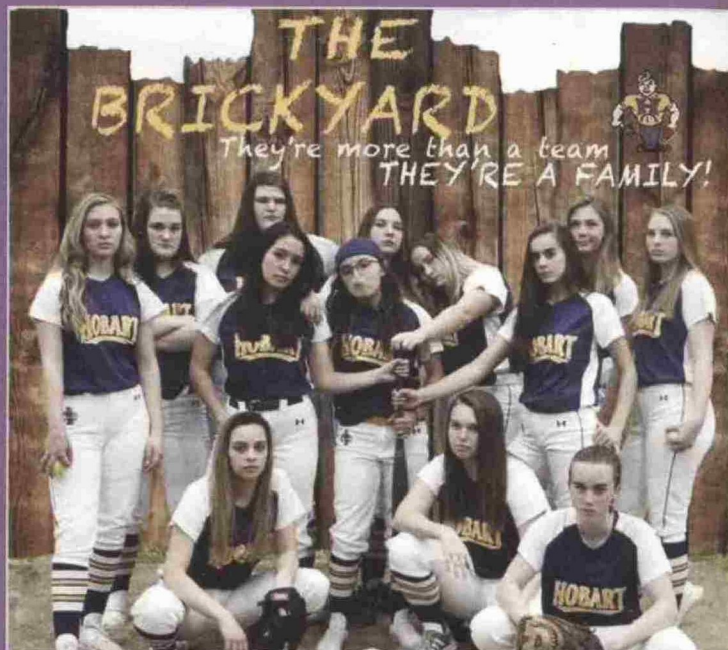

Young and Eager:

Hobart Softball 2019

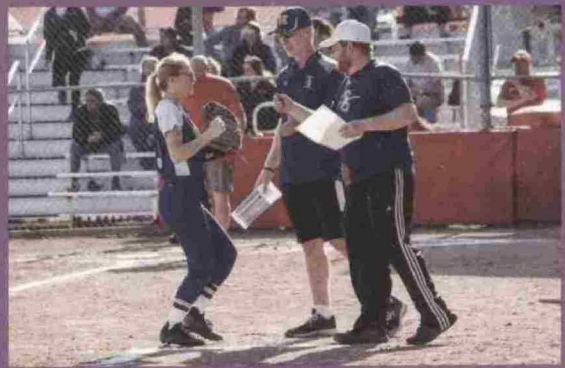

The girls finished 8-14 this spring after battling the weather and injury bugs for the entire season. In sectional play, Hobart drew the bye game and played Michigan City in the semi-finals. After a slow start, the Lady Brickies BLEW UP and won 13-1 to advance to the SECTIONAL FINALS! In the championship against #2-ranked Chesterton, Hobart stayed close for 3 innings, but couldn't get over the hump and finished as the IHSAA Sectional Runner-Up after losing to the Lady Trojans. The girls were very young, playing mostly sophomores and some freshman to go along with our two seniors, Joelee Skimehorn and Aubrey Butterfield. EVERY SINGLE GIRL that played made a positive impact in one way or another and they all represented HHS extremely well!

Sophomores Saylem Smith and Hannah Camarena were near the top statistically all season in NWI in multiple categories and both earned 1st-team ALL NORTHWEST CROSSROADS CONFERENCE HONORS. Classmate Gracie Rivera was selected for 2nd-team ALL NCC and junior Abigail Grusak was honorable mention. The future for the Lady Brickies looks bright indeed!

Baseball

The Brickies faced some adversity this spring ... and not just because thanks to mother nature. Despite it all they still put together a really nice year, playing some of the very best around VERY WELL to finish 14-13 overall. The lessons learned by this group of youngsters will serve them well next season as Hobart returns a number of key players in the field and on the mound. Coach Glover said "2019 was a solid season for Hobart Baseball. We returned a strong core group from 2018, and several newcomers contributed to our second consecutive winning season. The players worked hard all year to prepare for a successful spring, and their work was rewarded through their results on the field. We wish the class of 2019 well, and look forward to another great year with several key players returning for 2020.

THANK YOU boys for representing Hobart so well! We are very proud of you!

She is the CHAMPION!!!

History was made this year by sophomore Emma Wright when she won the state championship in the 100m free stroke. I had the pleasure of sitting down with Emma and talking about this momentous achievement.

Emma was first introduced to swimming when her brother started swimming at 7. She was only 6 and already very competitive and when she didn't "win" races right out of the gate, became very frustrated. She continued to work hard, being encouraged and challenged by her brother and quickly developed strong skills swimming with the Hobart Tiger Shark swim club.

This year Emma had a stellar season, winning races, setting swimmers and quickly became the swimmer to beat. She eventually becoming a #1 seed heading into the state competition!

One of her favorite memories of the season occurred at Chesterton High School Sectionals. She had finished her swim and was waiting for time to be posted. Emma and the crowd waited to see if Emma's time had beaten a sectional record set by a swimmer who had eventually gone on to the Olympic trials. The natatorium was completely silent and as her time was posted she heard her brother scream "That's my sister!!!" and as her record breaking time was posted the entire place broke into cheers and applause! Emma had achieved the first goal she had set for herself by setting a sectional record and by doing this had reached her second goal of swimming at state!

I asked Emma to take me to that race in Bloomington. She said that the whole event was almost surreal. Since she was the only Hobart competitor, she just had a team manager and her coach on the deck with her. The Chesterton delegation filled in for her team members by forming a line and wishing her luck as she walked to the starting line. She remembers taking her mark and hearing the beep. The first walked to the starting line. She remembers taking her mark and hearing the beep. The first

lap of the race she knew she was neck and neck with the #1 competitor who had just won the 50m championship. As she finished the first lap, she did not get the usual strong push off the wall. "I knew I must do something significant to make up time, so I used some dolphin kicks to help her make up time and maintain my pace." She soon realized she was moving ahead. When she touched the wall, Emma wasn't sure if she had done so first. Soon the scoreboard showed she had won, and the crowd went wild!! Emma Wright was the first ever Hobart High School State swimming Champ! When Emma returned from the competition, she was greeted by an excited community and treated to a parade in which she was the guest of honor. She was also recognized at a town council meeting and even at the State house in Indianapolis! Emma is extremely grateful to the community, school officials, her coaches through the years and especially to her family for their love, support and encouragement.

Goals for the future? Emma has just a "few!" Next year, she wants more state championships! Emma also hopes to have swim times that are good enough to qualify her for the Olympic trials in June of 2020. She even has Olympic dreams for 2024! Emma would love to attend a Big 10 college, swim of course, and earn a degree in something to do with athletics. She could see herself possibly even coaching at the college level. These dreams will no doubt come true--since Emma has already been contacted by 40 colleges and universities since her State winning swim.

Athletic Director Mike Black stated "The HHS Athletic Dept is extremely proud of Emma and all she has accomplished so far in her young career! It was AWESOME to witness history when she became the first Hobart swimmer to bring home a state championship! We can't wait to see what she does for an encore next year!" Congratulations Emma!!

What lies behind us, and what lies before us are small matters compared to what lies within us.

Emerson

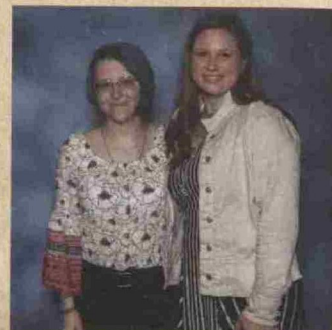

Victoria Wenmeyer

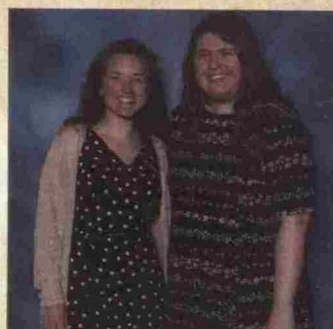

Victoria will be attending Valparaiso University and hopes to own her own business. The educator that inspired her the most is Scott Buhmann.

Alexandra Bordowitz

Alexandra will be attending University of Arizona to major in Astronomy, achieving her phd and plans to research and teach at a University. The educator that inspired her the most is Katrina Lucas.

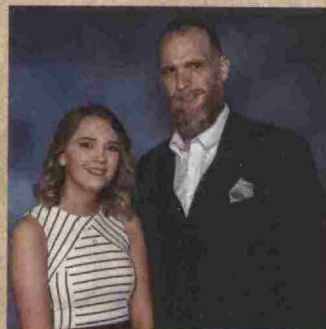

Madison Stefans

Madison plans on majoring in Biology, pre-med and eventually becoming a Doctor. The educator that inspired her the most is Samantha Tres.

Kiera Chapuis

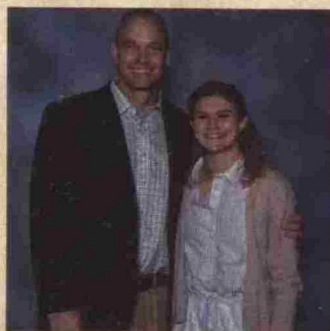

Kiera will be attending Rose-Hulman Institute of Technology and to eventually become a mechanical engineer. The educator that inspired her the most is Colin May.

Hall of Scholars

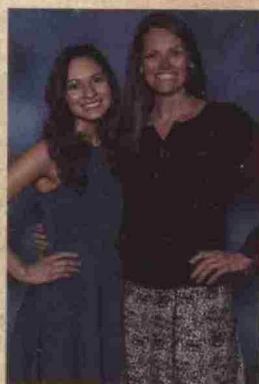

By Julia Olmos

Elena Polizotto

Elena will be attending Hawaii Pacific University to study Marin Biology and earn her masters in Marine Sciences. The educator that inspired her the most is Michael Black.

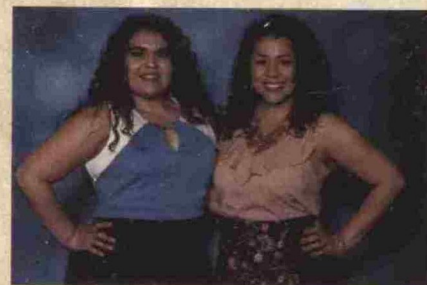

Jenna Uhles

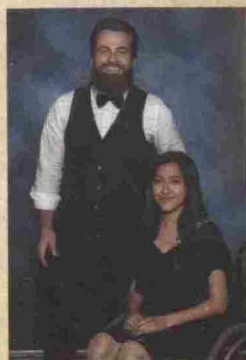

Jenna will be attending The University of Chicago following Biochemistry Pre-Med Major then becoming a Doctor. The educator that inspired her the most is Tiffany Parrish.

Gizelle Muniz

Gizelle plans on earning her bachelor's degree in psychology and becoming a mental health tech or social worker. The educator that inspired her the most is Valentine Torres.

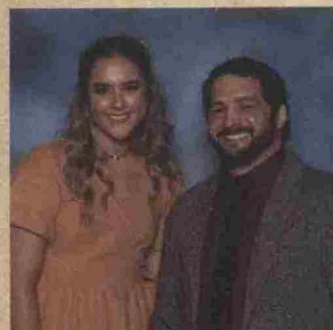

Thais Carrillo

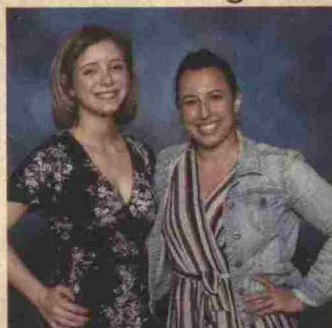

Thais will be attending Bowdoin College and hopes to become a teacher. The educator that inspired her the most is Ben Horjus.

Madison Gerke

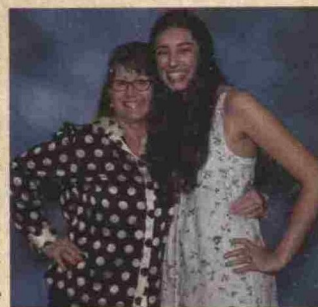

Madison plans on studying psychology at Purdue University and hopefully becoming a psychiatrist. The educator that inspired her the most is Alex Ramos.

Alexis Berry

Lexi will be attending Columbia College in Chicago with a double major in creative writing and journalism with a minor in screen writing. The educator that inspired her the most is Elizabeth Slough.

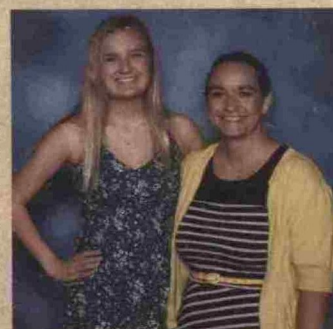

Lillian Colette Kollross

Lily will be studying Media Arts Production at Emerson College and hopes to become a Film Director. The educator that inspired her the most is Kari Roach.

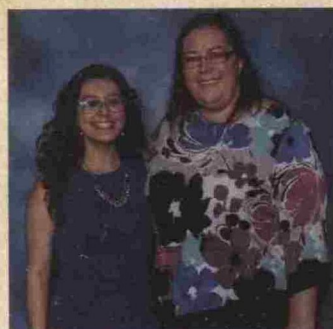

Honoring the top 15 students in the graduating class of 2019

Mackenzie Macroberts

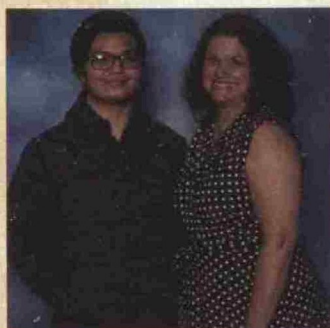

Mackenzie will be attending Indiana University and becoming a psychologist and or pre-med. The educator that inspired her the most is Katie Rinas.

Victoria Arevalo

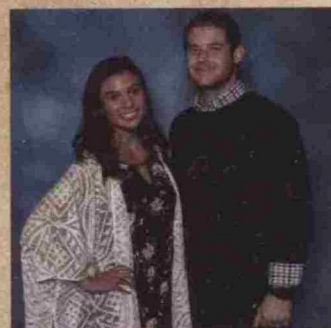

Victoria will be attending Valparaiso University and to either become an attorney or psychologist. The educator that inspired her the most is Laura Kovats.

Ky Marcadayda

Ky plans on majoring in psychology/ minor sociology and to become a occupational therapist. The educator that inspired him the most is Heidi Polizotto.

Abigail Leonard

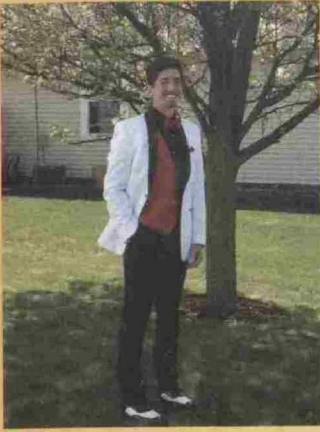

Abby will be attending IU Bloomington and hopes to become a registered nurse. The educator that inspired her the most is Shaun Zolaadz.

SENIORS ON PARADE

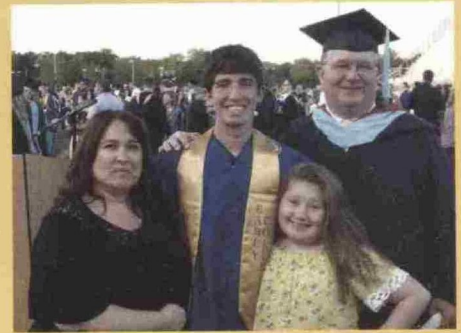

The senior parade was a tradition that was started three years ago here at Hobart. It allows the seniors to go to the feeder schools to visit past teachers and staff and show off in their caps and gowns! It also gives them the opportunity to inspire Hobart's young brickies to work hard so that they can achieve this milestone too!!

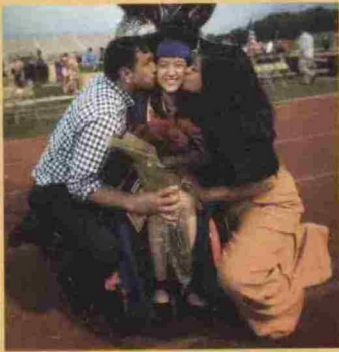

It's a Bird! it's a Plane! It's Ryan Leto!

As many students struggle to figure out what they want to do with their life after high school, Ryan Leto answered that question his junior year. After experiencing flying with a friend, he decided he wanted to be the one flying the plane! Ryan began investigating the profession and with the help of his parents, formulated a plan. His senior year he started working on his private pilot's license which allows him to fly a single engine small planes. Ryan graduated Hobart High, not only with a diploma, but will soon have a pilot's license!! This fall he will journey to ISU in Terre Haute, where he will pursue a BS in Professional Flight Aviation Technology. He will continue to accumulate flight hours while earning his degree and eventually will pursue his dream of flying a commercial airliner and seeing the world! Congratulations Ryan! We are proud of you!

The Girl in the Wheelchair.....

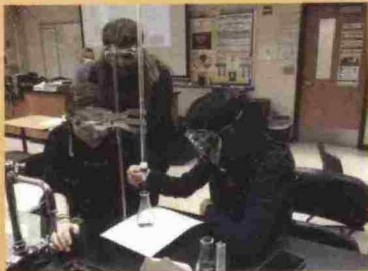

The last four years I occasionally noticed a student who used a wheelchair. I had not had her in class, but often wondered about her. Why was she in that wheelchair? I passed her in the hall on occasion and nodded her way or said hello. She was always pleasant and returned my greeting. It wasn't until January of 2019, when she rolled into my Advanced Speech Class, that I began to know who this delightful young lady really was! Thais Carrillo. I had the pleasure of sitting down with Thais outside the classroom and she shared with me her story.

Thais has a condition called cerebral palsy. Cerebral palsy is caused by some degree of brain damage that occurs during gestation or very early in a child's life, that affects muscle tone, movement and motor skills. For Thais, her lower extremities are most significantly affected. Most would look at a wheelchair as something that causes limitations, but Thais feels very differently. While in elementary and middle school, she relied largely on canes to get around. When she came to high school she began using her chair almost exclusively and has found a much greater freedom with it! While there is no cure for her condition, Thais participates in different types of therapies such as water and music therapy. She has even participated in equine therapy. All of these have helped to keep her muscles healthy.

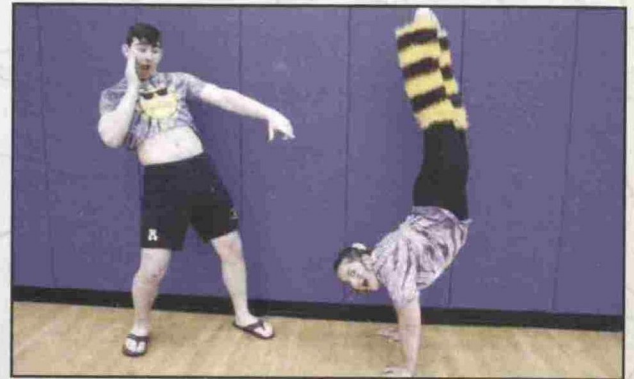

While physically Thais might be different than her peers, she is very similar in other ways. Through her school years, she has made academics a priority and graduated in the top 15 of the Class of 2019. She has been very active in clubs and organizations, serving as president of the Psychology club. Thais is not sure exactly what she will do for a career but has developed a love for Psychology. She feels that Psychology is the perfect mix of the scientific method and the human element, so she will be pursuing a Psychology and Education major to one day teach the subject. Her plans are to attend a prestigious college in Maine where she has earned academic scholarships. There is no doubt Thais will do great things in this world!

Thais said that people are mostly kind and unaffected by the wheelchair, but sometimes people like to stare when she is out and about. The best advice she offers is to treat a person with a disability like a person! If you have questions, ask, don't stare!

The Class of 2019

Hobart High Seniors, of all the things I have loved at and about HHS this year, preparing for your graduation has been my favorite. From grade checks in the stairwell (you know who you are!) to harassing you in the hallways or at work about IC3 or grades in core classes, every conversation with each of you has been a true joy to me. My favorite thing to do at HHS is talk to you. Listen to you. Hear your plans. Hear your struggles. And yes, even hear your complaints. Why? Because every interaction is an opportunity for me to see who you are, who you have become, who you are growing into. Know that it has been one of my greatest joys to see you grow up into young men and women. You all left thumbprints on my heart as both middle-schoolers and high-schoolers, and as young adults, you are ready to leave your mark on the world.

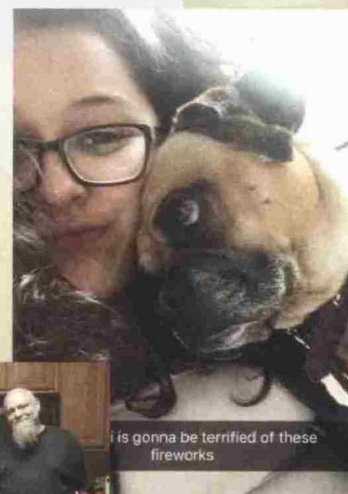

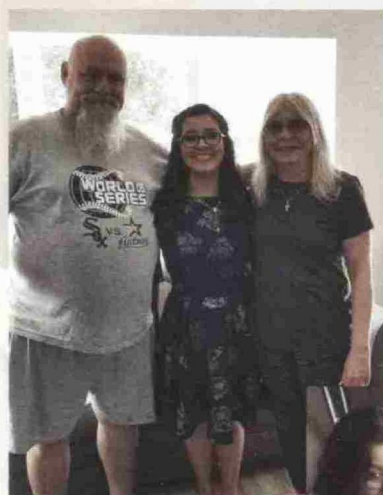

Mrs. Schueneman

Congratulations Victoria Arevalo

I am so proud of you and love you so much. I wish you nothing but the best of luck in your next journey in life. My door will always be open for you!
You can finally be free!

Good Luck Ty!

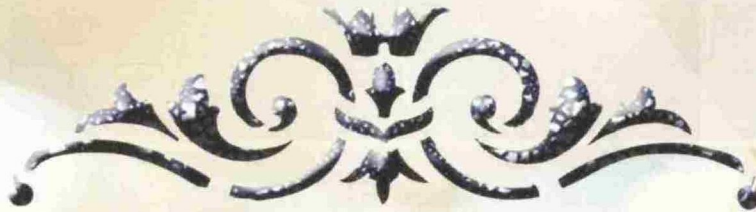

From the time you were born you have always had it tough & you always prevailed. You have grown into such a funny, sweet, caring, intelligent and handsome young man. Whatever you do it's going to be amazing! Dont forget who you are, where you came from & what made you you!

-We love you
Pops & Mo

Ethan,
your senior year has
come and gone!

Someday you'll look back at these pages and think about the people and events that shaped your high school experience. But now it's time for something new, and as your biggest fans, we can't wait to see what your future holds. We love you Ethan more then you will ever know! xoxo

Congratulations, Felix!

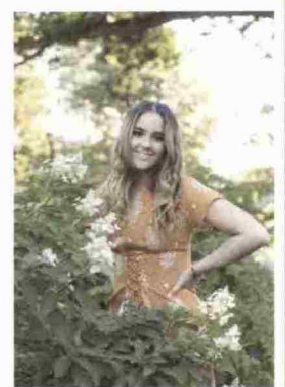

We're so proud of you for graduating obedience school!

Love, Echo and Zeus

Dear Maddy,

We are very proud of the young woman you have become and the accomplishments you have achieved. Not only has your hard work earned you an honors diploma and a top 5 percentage in your class, but your involvement in NHS, Key Club, Brickie Leaders and Band proves you are a true leader and a role model. Most of all, we are blessed to have such a thoughtful, loving and sweet daughter! We are so excited to see the great things you will do in the future.

All our love,
Your family

New Faces of Hobart High

By Casimir Easton

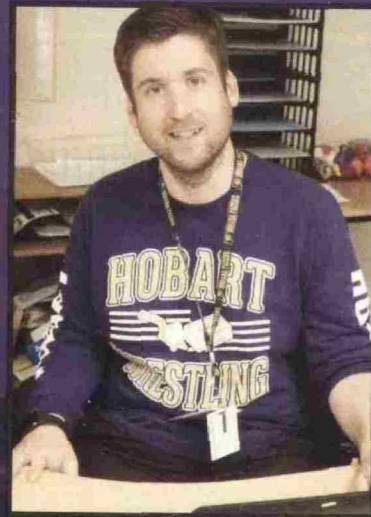

Ben Horjus English

Mr. Horjus is a 12th grade English teacher. Adjectives to describe him are funny, energetic, and outgoing. He loves teaching kids. His favorite subject in school was English. Mr. Horjus works very hard to help his students learn to the best of their knowledge.

Jacob Scott Resource

Mr. Scott is a resource teacher. He loves helping students out when they are having troubles with work. He likes working with students one-by-one until the student fully understands. Mr. Scott went to Valpo Highschool, he also went to Indianan university for behaviorial sciences.

Rachel Storer Resource

Mrs. Storer is a resource teacher. She enjoys working with students individually and really getting them to understand a subject. She loves helping student really understand and is always there for a helping hand.

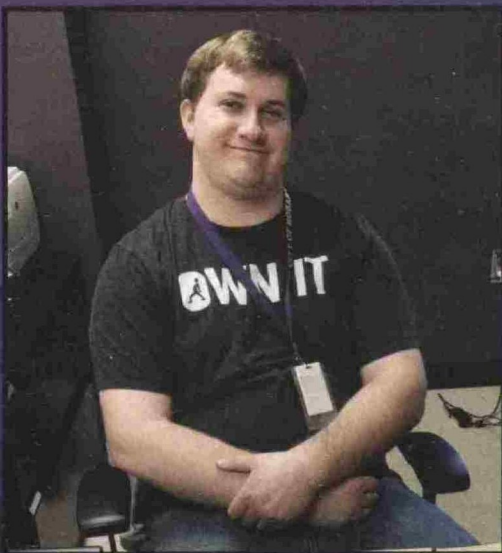

Jason Cook English

Mr. Cook is a 10th grade English teacher. He loves teaching his students about lots of literacy terms. He describes himself as funny, very energetic, and kind. He loves teaching his student and want them to learn as much as they can with the time with him

Kathryn Willenbrink Science

Miss Willenbrink is a new science teacher. She teaches 10th grade ICP. She enjoys music and working with her students. Her favorite subject in highschool was science. She graduated from Valporaiso University.

Birkmeyer English

Mr. Birkmeyer is a 9th grade english teacher. He enjoys comics and loves to read. He describes himself as funny, outgoing, and very upbeat.

Anthony Sansone Resource

Mr. Sansone is a resource teacher. He loves helping students with world history. He always makes sure that their is a adqueate amount of instruction and individual work for students. He describes himself as helpful, caring, and fun. He went to Valporaiso University.
